

Set Feb. 1 as date for mobile blood unit here

February 1 has been set by the Mobile service of the Red Cross, for the date of its visit here and various organizations are now busily signing up their membership for blood donations for this worthy cause.

Donors are accepted between the ages of 18 and 59 inclusive. The written consent of the parent or guardian is necessary for all persons between the ages of 18 and 21 years of age, even upon repeat appointments.

The donor must weigh at least 110 lbs. and be able to keep an appointment during the day time. Men unable to contribute during the day time, however, are urged to sign up for the blood donor service at headquarters in Chicago. In this way, Arlington Heights will receive credit for their service.

Donors must avoid all fatty foods for four hours before reporting. This includes milk, cream, cheese, meats, ice cream, butter, fried food, mayonnaise, salad oil, eggs and nuts.

It is recommended that donors have a light meal of fat free food one or two hours before donating, consisting of toast (without butter) and jelly, coffee or tea without cream, crackers and fruit.

An examination is given to determine fitness. Donors should wait six months following a major operation, and mothers of babies nine months of age and younger are not accepted. Donors suffering with active colds are not accepted at that time. Donors may repeat donations at ten week intervals.

A bronze emblem is given each donor following his first donation, no emblem is given after the second donation, a silver emblem is given after the third donation. Eight time donors are given a red ribbon to be placed under the silver emblem, and are members of the Gallon club.

Among the eight time donors from this area are Mrs. Dorothy Durland, Mt. Prospect, Mr. Norton Gilbert, Mt. Prospect, Mr. Kurt Stoelckel, Arlington Heights, Pfc. George Hauff in the anti-aircraft artillery at Fort Bliss, Texas, who was an eight time donor prior to his induction, Mrs. Hauff is a four time donor and Mrs. Virgil Horath and Mr. John Lee of Arlington Heights are seven time donors.

All civic and religious organizations within the village are cooperating in the project, and below follows a list of those to call to place a registration for the donor service on February 1.

Mrs. Heywood Johnson, tel. 768-W, Parent-Teacher association.

Mrs. Aubrey Neville, tel. 406-R, Presbyterian church.

Mrs. Arthur Peterson, tel. 663, St. John's Evangelical church.

Mrs. Irving Rinker, tel. 618, Theta Chi Sorority.

Woman's club, Mrs. Donald Cox, tel. 1856, Mrs. N. A. Carlson, tel. 793-R, and Mrs. Edward Leicht, Jr., tel. 496-R.

Mrs. John Peroutka, tel. 1328-R, American Legion Auxiliary.

Mrs. John Shanklin, tel. 693-W, Bundles for America.

Mrs. Joseph Wisersky, tel. 604, St. James Woman's Guild.

Mrs. W. E. Fritz, tel. 533-R, Creamery Package Co., Telephone Co. and Arlington Seating Co.

Miss Lydia Hausman, tel. 145-J, Order of Eastern Star.

Mr. C. W. Lussman, tel. 136, Lions club.

Mrs. Edward G. Nagel, tel. 561-R, Lutheran church.

Mrs. N. K. Barr, tel. 291-W, Methodist church.

Mrs. Guy Baxter, tel. 677-J, PEO Sisterhood.

Mrs. H. C. Durland, tel. 1168-M, Mt. Prospect donors.

Mrs. James Dudley, tel. 7041-J, Prospect Heights donors.

Mrs. Frank Sachs, tel. 157, Nurse's Club.

A roll of honor will be presented to the various organizations cooperating, upon which will appear the names of all donors, and the number of times they have given blood.

"Giving a part of your blood that another may live, is simple and painless. It is the one way that every one can do his bit for our fighting boys and country."

The chairman of the various organizations may obtain their supplies of registration blanks at the Public Service store.

Mrs. Paul Gilson is blood donor chairman for this area.

Arlington National Bank stockholders re-elect directors

Stockholders of Arlington Heights National Bank re-elected its board of directors at the annual meeting Tuesday evening. They are Herman A. Doherty, Carl H. Ewert, Arthur H. Franzen, H. H. Franzen, C. Wm. Lussman, Hugo J. Thal and Jos. G. Wagner.

The directors have elected the following officers: H. H. Franzen, president; A. H. Franzen, executive vice president; Carl H. Ewert, vice president; Warren C. Kohler, cashier; Lillian Pass, assistant cashier.

The bank has had an unusual growth the past year. Deposits have increased to nearly two million dollars, which are over eighty per cent covered by cash and U. S. bonds.

Three fire companies fight farm house fire

Three fire companies fought a stubborn farm house fire on the Herman Kehe farm, west of Sherwood near Wilke road, Arlington Heights last Saturday afternoon.

Arlington Heights fire department was only able to string 2,000 feet of hose from the nearest fire hydrant and the rural departments of Mt. Prospect and Palatine responded to the call for help and with their water storage were of great assistance. The fire was confined to the large farm house, the roof of which had partly fallen before water could be gotten to the blaze.

Due to the nature of the construction (no fire blocks in the studding), it was difficult to get the fire under control as the spaces between the studdings acted as a chimney from the basement to the roof.

The family had finished dinner and were not aware of the danger that threatened them. A son, on his way to the barn, saw fire breaking through the roof and by the time that he had re-entered the house to warn his parents, the side of the roof was a mass of flames.

Neighbors had previously called the Arlington fire department, who arrived with both trucks. Due to lack of sufficient hose a second call was relayed by them to Mt. Prospect and Palatine.

All bedding and clothing on the second floor was destroyed. Mr. Piepenbrink, who attempted to reach that floor was nearly overcome. The more valuable of the household goods on the first floor including a refrigerator, were removed with safety.

The building and contents are covered by insurance with the Mutual County Fire Insurance Co. of Mt. Prospect.

The Piepenbrinks spent a few days with relatives, but hope to be in a place of their own as soon as possible.

John Piepenbrink.

THANKS TO FIREMEN

Our thanks go out in a big way to the fire departments of Arlington Heights, Mt. Prospect and Palatine for their efforts to save our home last Saturday. They stayed on the job in spite of the cold. Our loss is heavy but we have the satisfaction of knowing that the firemen did their best.

John Piepenbrink.

Police hope to cut pedestrian injuries to zero

Chief Skoog asks cooperation of general public

The village of Arlington Heights has officially entered the 1944 National Pedestrian Protection contest, sponsored by The American Automobile Association and has been awarded a certificate of such entry under date of Nov. 29, Washington, D. C.

"The year 1943," states Chief Skoog, "was a safe year. There were 27 auto accidents. Two of these included pedestrians, one in February and one in November. A third accident in August included an auto-bicycle. The remaining 24 accidents were purely between automobiles in which two persons sustained accidents. The goal for 1944 is a 'zero' year with no pedestrian injuries and as few accidents between autos as possible."

In the accompanying message to the people of Arlington Heights Chief Skoog hopes to make pedestrians safety conscious. His message follows:

"Today because of gasoline and tire rationing many of us are walking or using public transportation rather than our personal cars. Let us remember that more walkers on our streets and highways mean more chance for pedestrian accidents. As a war pedestrian, let us abide by the common sense rules of safe walking and thereby help conserve manpower for war power. Learn to walk safely."

"The majority of pedestrians who get into traffic difficulties, do not pay enough attention to where they are going. Conversation should be limited to the sidewalk or side of the highway in order to be aware of vehicular traffic."

"In carrying packages, do not overburden yourself to the point of interfering with your vision. Be alert to the possibilities of an accident—take time to be safe."

Watch the weather

"An umbrella will keep you dry during rainy weather, but if you tilt it until you limit your view in traffic you may run into danger."

"Ice and snow are dangerous to pedestrians in winter. Keep your sidewalks cleared of snow, spread sand, ashes, or salt to prevent falls. Remember a wet street means it will take longer for a motor vehicle to stop. Give the vehicle operator a chance. Your safety is up to you."

Twelve rules to remember

1. Never cross in the center of the block. Jay walking is dangerous.

2. Cross streets only in the crosswalks. Look both ways before stepping from the curb.

3. Be cautious as you leave the curb. Be certain you can continue on in safety.

4. Keep to the right in the crosswalk in order that such movement can be kept orderly.

5. Never cross street against the traffic signal. It is a dangerous practice and unfair to the motorist.

6. Wait on the sidewalk if the signal is against you.

7. When the signal changes look both ways and if the way is clear move rapidly, staying to your right in the crosswalk.

8. Obey the signal of traffic officer, or your school boy patrol if one is on duty. Cross rapidly but do not run across.

9. School children obey your patrol. They serve under all types of weather condition for your protection.

10. Never walk to your right with your back to traffic.

11. Always walk or ride your bicycle to your left facing traffic and step off the hard surface when you meet a vehicle.

12. At night walk facing traffic, carry a light, wear light colored clothing or pin a white hankerchief to your garment. Step off the hard surface when you meet a vehicle.

Play in safe locations

Avoid playing in the streets or on the highways. Many a life can be saved if you will do your part. Play ball, skate and skip where you are safe—on a playground, in a lot or in your yard.

Never run into the street from behind a parked car.

If you'll help the motorist by playing in safe locations, he'll know where you are and will drive at reduced speeds to protect you.

It's smart to be safe!

Congratulations

To all school heads for their splendid cooperation.

To all school boys and girls for their cooperation in this contest.

You are doing a great service and deserve the just praise due you.

Sam Campbell

Sam Campbell sponsored by the Chicago & North Western railway Co., appeared before an audience of about seven hundred at the high school Saturday night. His colorful motion pictures were marvelous and his accompanying lecture was on a high plane but, all told, it was more than just another program.

Sam left a message of hope and cheer. He showed that God's nature has something worth fighting for and which man could think about and emulate to his own good. Those present without exception are looking forward to his return next year.

The high school's girl trio and mixed chorus, directed by Don Costantini, each gave two selections in their usual delightful rendition. Arlington high and community can well be proud of these organizations.

The Dad's club wishes to thank the principals and school children for their fine cooperation in making this program the success it was.

John Piepenbrink.

Voters registration closes next Tuesday

Registration for voters for the forthcoming primaries will end in the various villages and offices of town clerks Tuesday, Jan. 18, after which time the registration will have to be done in the county building.

Helene Busse, Arlington Heights village clerk, for the accommodation of citizens of this village will hold office hours in the municipal building Friday and Monday evening, Jan. 14 and 17 from seven to nine o'clock.

Those not correctly registered can not vote at the coming April primaries, when state and national candidates will appear on the ballots.

The "Information Please" program of the Men's club meeting Monday, Jan. 10, was another success with 48 men in attendance, and all the experts were on hand and so well informed that they answered 34 of the 48 questions submitted by the group. Much valuable information concerning Arlington Heights was developed by the questions and answers and the atmosphere was thick with the smoke of cigars won by the questions which stumped the experts.

The program committee is very fortunate in being able to secure Dr. Brown who is director of public relations of the Chicago Technical College to speak Monday evening, Jan. 17. Dr. Brown is a writer, educator and world traveler. He is a member of the Speakers Bureau of the Chicago Association of Commerce and has appeared before a large number of civic organizations and clubs throughout the country. His radio broadcasts have created a far-reaching interest. His subject will be "The Economic Value of the Bible." (Its influence on Peoples Everywhere.)

The time, 8:00 p. m., Monday, Jan. 17, the place, Methodist Meeting House, corner Duntun and St. James. All men in Arlington Heights are invited to come out for an instructive and enjoyable evening and to get better acquainted with your neighbors.

Li. Irving Moehling reported prisoner of Germany

Mr. and Mrs. Christ G. Moehling received a report through the International Red Cross on January 11, that their son, Lt. Irving Moehling is a prisoner of war of the German Government. It was also further reported that he received an injury diagnosed as a fractured lower left leg. Lt. Moehling has been missing since September 3, when he was attacked by enemy fighter planes and forced down five miles off the coast of Italy while he was on a bombing mission.

He was a pilot of a Liberator B-24 four motor bomber. His parents reside near Rand and Wolf roads, Des Plaines.

Posthumous award given to flier

President Roosevelt and the war department have given a posthumous purple heart award to the family of Frederick H. Gross, of Barrington, who died on Arlington Heights road, reported missing.

Lt. Wilbur F. Gross, a bomber pilot, had taken part in 26 bombing raids and was killed on his 27th raid Nov. 11, 1943, against Rabaul.

The Gross family has received letters of condolence from Gen. McArthur and other commanding officers of the Pacific war area.

A sure bet

"Everything comes to him who waits, but the waiting was well worth while," says Emil Hoggar and he ought to know because he is the daddy of as fine a daughter as ever arrived to Arlington Heights parents. Judy Ann is her name and she will soon be home with her mother from the Elmhurst hospital. "No I am not taking any odds on her," continues Emil. "She is a sure thing."

Wheeling ration board closed two weeks

The Wheeling ration board will be closed from Jan. 15 to Feb. 1, Miss Lucille Getchell, Wheeling, will handle the work of the board in the office of L. B. Andersen. Any information desired see Miss Getchell or Mr. Fred Carrigan, the chairman.

From Florida

Sending greetings from Florida is Walter and Edith Woolmer, former Arlington Heights residents.

"Just to wish you a Happy New Year and add our voices to others in expressing gratitude for receiving the Arlington Heights Herald regularly. Although we are enjoying winter in the 'Sunshine City' we miss our A. H. friends and acquaintances, and hope when this war is over, to pick up where we left off."

Prosperous year for local insurance co.

G. Busse presents report to Mutual Co. Fire Ins. Co.

The year 1943, the 69th year of the existence of the company, was a prosperous year for Mutual County Fire Insurance Co. of Mt. Prospect. George Busse, secretary of the company, presented his annual report to the policy holders at a meeting held Tuesday afternoon at the Lutheran school hall.

Insurance in effect today is \$14,782,889, an increase of over \$300,000 notwithstanding the fact that the company lost all the territory within the Douglas plant is located and considerable property near the Glenview airport.

Directors elected this year are George F. Meyer, Wheeling township; Henry J. Schroeder, Palatine township and George Busse, Elk Grove township.

Fire losses paid during 1943 totaled \$10,774.24, the largest single loss was \$2,500. Payments for windstorm loss was \$332.90 and lightning \$330.89. The comparative figures of 1942 and 1943 are:

1942	1943
Bonds on hand in	6,902.00
1943	11,902.00
Gross receipts in 1942	18,053.73
Gross receipts in 1943	19,454.71
Losses paid, 1942	6,053.66
Losses paid, 1943	11,438.03
Insurance in force in 1942	14,403,399.00
Insurance in force in 1943	14,782,889.00

Mr. Busse in his report, pointed out the advantage gained by the advance premium plan that went into effect a year ago, and which equalizes insurance cost for all policy holders.

"Risks are divided into different classes according to the fire hazard involved. As an example, the base on a Class 1 risk is 5% of the amount of the insurance coverage and on this base the advance premium is figured. This year the premium has been set at 2% of the base. Where the risk is higher the rate will be proportionately higher. As a result, the base will also be greater in amount and every policy holder will pay according to the hazard on his particular property."

When we started the advance premium plan, in 1939, we had \$200.00 cash on hand, now, after 5 years under this system, we have cash on hand in the amount of \$16,604.74 plus government bonds in the amount of \$11,902.00 plus interest thereon.

"The Board of Directors has again determined that the advance premium for the year 1944 shall again be 2% of the base."

"With the expansion of our air forces and the increased numbers of aircraft flying overhead, came a demand for a type of insurance, which under existing laws, we were unable to write. Through the efforts of the Association of Mutual Insurance Companies, a bill was introduced in the last General Assembly in Springfield, which would give mutual insurance companies the right to write extended coverage insurance. This bill became a law and as a result, we have reorganized our company and had our charter amended authorizing this company to write extended coverage insurance against 'the perils of direct loss or damage by smoke or smudge, explosion (other than explosion of steam boilers and the breaking of flywheels) riot, riot attending a strike, aircraft and vehicles, in addition to fire, lightning and windstorm."

"Naturally it would be a gigantic task to call in all our policies to be re-written to conform to this additional coverage, so we mailed riders to the policy holders to be attached to the present policy. Beginning January 1, 1944, we are using the new provisions. This will incorporate all the new provisions."

"In closing my report, I will again state, as I have so often stated before, that we must be constantly on the alert to prevent fires. Especially during war-time this is important due to the shortages of critical building materials. According to figures published by the National Board of Fire Underwriters fire losses in the United States have increased 31% for the month of November, 1943, over the corresponding month in 1942, which brings the total for the first 11 months to the highest level since 1932."

RATION DATES

Sugar, No. 29, (Book 4) valid, 5 lbs., exp. Jan. 15, 1944. No. 30 becomes valid Jan. 16, 5 lbs., exp. March 31.

Fuel oil, 2 and 3 valid, good for 10 gals., 2 exp. Feb. 7, 3 exp. Mar. 13.

Processed Foods, Green D. E and F valid, expire Jan. 20. Green G. H and J also valid, expire Feb.

Intelligent medical Services
by C. W. LUSSMAN
of Sleburg Pharmacy
The history of intelligent medication is filled with examples of research, and often sacrifices of physicians in order to advance the methods of treating diseases.
Stimulated by a desire to reduce disease through the elimination of the cause, and by the adoption of methods of treatment made possible by freedom to exercise incentive, medical doctors have progressed to a point where the standard of health is now at an all time high.
But, from time to time, politicians and their obnoxious attempts to force state control of medication upon the people, an experiment full of faults and wherever tried a failure.
If you were ill you would want to be told you must accept the services of a politically appointed physician?
This is the 273rd of a series of Editorial advertisements appearing in this paper each week.

Church program series opens Sun.

"God Will Help You," will be the general theme for a series of sermons preached by the Rev. Herman G. McCoy at the First Presbyterian church of Arlington Heights beginning next Sunday. This series will be preached on five successive Sundays as follows:

January 16, "The Certainty of God."
January 23, "Finding God."
January 30, "Living One's Daily Life With God."
February 6, "God in a World of Suffering and Evil."
February 13, "How God Will Help You."

Any one who is interested in hearing these topics discussed is invited to come. By coming one will also receive the inspiration of the service of worship in Christian fellowship with others.

Henry Triebold

Funeral services were held last Friday at St. Peter's church for Mr. Henry Triebold of Glenview, Rev. L. J. Schaefer officiating. He was well known in Northbrook and Glenview.

He leaves to mourn his children, Fred, Louis, August, Mimi, and Frieda and many friends both in Northbrook and Glenview. His wife preceded him many years ago.

Mrs. Andrew Horcher, 623 No. State rd. was hostess to Secret Pal-circle. A program refreshments, exchange of gifts and social session gave pleasure to the fourteen guests.

Mrs. Walter Hansen attended annual reunion of Edison Co. Saturday in Stevens hotel. The company, 1,300 present, represented officers and employees who have served 25 years and those who were retired. Program of addresses, music by the Northmen, refreshments featured the banquet giving pleasure to all in attendance.

Mrs. Eugene Fair of Kirkville, Missouri, has been visiting her daughter and son-in-law, Mr. and Mrs. Kenneth Mistead at 108 Euclid.

On Sunday, Jan. 9, the family of Rev. and Mrs. C. M. Noack, including Mr. and Mrs. Fred K. Mueller and son, Mr. and Mrs. Carl Weimich and sons, Mr. and Mrs. Carl Noack and daughter of Chicago, visited at the home of Mr. and Mrs. Kurt Noack and family in Cicero. The celebration was in honor of Rev. Noack's 86th birthday, and also the birthday of Mrs. Kurt Noack, but chiefly to welcome home Mrs. Kurt Noack after an absence of nearly five years. She has been in the Lutheran T. B. Sanitarium at Wheatridge, Colorado and cannot give enough praise to the doctors and nurses for the splendid care she received there.

Bible church evening services

Prospect Heights Bible church is conducting Sunday evening services in the Prospect Heights school at the corner of Palatine and Schoenbeck roads, beginning at 7:30. Residents of the community and surrounding vicinity are cordially invited to attend these services.

There will be a special song service and musical talent will be featured. Come and enjoy an evening of inspiration and fellowship.

CUBS

The Cubs are busy again. Not making boats, airplanes or puzzles, but weaving. That is what the Indians used to do and here we are at it this time doing the same thing. It's a lot of fun and there will be an exhibit at the next Pack meeting. The pack meeting, which is one week from this Friday, will be of interest to the Cubs as well as the grown-ups. We will learn what happens when we want to call a friend to come over and play some game. The telephone company has a large apparatus that they are going to put on the stage at the north school auditorium so we can all see what is going on.

The Boy Scouts in Arlington Heights are lucky that they have such a good Cub organization here, because Den 12 has graduated a number of boys into scouting during the past year. These Cubs are so well equipped that it is nothing but a continuation for them to pass their tenderfoot requirements.

Mr. Sturm is the Den Dad and he and his boys are always active in all Cub activities. As an example three boys are passing their Bear rank and one a Bear silver award. Practically all of the boys are at least on their Bear award so this Den 12 can take in a few more boys who will start their Wolf rank.

In two years this Den has grown to where they hold a high position in achievements, playlets and athletics. Speaking of athletics, all you have to do is ask the Den Dad (Mr. Sturm) what he thinks of the umpiring at some of the games last year.

In 1944 resolve not to miss one Pack meeting as they are all very interesting and different.

OBITUARIES

Amanda Glade

Mrs. Amanda Glade, nee Buchholz was born December 15, 1887, in Elk Grove township, was baptized and confirmed in Elk Grove. She was united in marriage to Mr. John Glade Jan. 11, 1906, at Elk Grove Lutheran church. After their marriage this couple made their home on the Glade homestead at Kirchhoff and Bohling rds., for about 23 years and for the past 15 years near Giberts, Ill.

Mrs. Glade has been ill for a number of years and passed away Wednesday, Jan. 5, at an Elgin hospital at the age of 56 years and 20 days.

She leaves to mourn her departure her husband, John, and six children, John, Albert, Alvin, Arthur, Edna, Elmer; two daughters-in-law and two grandchildren; one sister and two brothers, Mrs. Alvin, Mrs. Adolph Buchholz, Mr. George Buchholz five sisters-in-law and five brothers-in-law.

Funeral services were held at Karstens Funeral Home, Arlington Heights, Sunday afternoon, Jan. 9, interment, St. Peter's Ev. Luth. cemetery.

Julia Schaefer

Mrs. Julia Schaefer died Tuesday, Jan. 4 at the age of 87 years at her home in Portland, Oregon, where she had lived for 23 years. She was the wife of the late Rev. Fred Schaefer who had been the pastor of St. Peter's church in Northbrook. He preceded her in death 11 years ago.

They had ten children, seven of whom are still living. There are Mrs. Corliena Grover, Mrs. Helen Juergens, Mrs. Erna Goodhardt, Mrs. Liddia Schaefer and Arthur, all of Portland, Fred of California; Mrs. Alma Gehm of Ohio; those of Northbrook are Erwin, Alfred, and Mrs. Martha Freeze. Also 10 grandchildren.

Mrs. Schaefer was born and married in St. Louis, Mo., and was an auxiliary member of the ladies auxiliary of St. Peter's church. Rev. Bizer assisted by Dr. F. G. Ludwig of Milwaukee, Wis., of the Trinity church and Rev. Paul Gehm (son-in-law of Mrs. Schaefer) of Piquette, Ohio, read the ceremony Monday, Jan. 10, interment at St. Peter's cemetery.

The church was filled with many friends who paid their last respects to Mrs. Schaefer, who was well known in this community. Mrs. John Meng of Glenview, was the soloist.

Lena Augard

Miss Lena Augard of Northbrook passed away at the Chicago American hospital last Tuesday night. She had been very ill for several months and been under a doctors care.

Miss Augard was born and educated in Galesburg. She was 39 years old and lived in Northbrook for the past 23 years. She was employed by the C. M. & St. P. Ry. as secretary for over 20 years and was commended for her faithful work. She was also a member of the Northbrook Royal Neighbors. Funeral services were held Saturday, Jan. 8 at 2 p. m., Rev. Lundell officiating. Mrs. Edgar Westling and Mr. Henry Westling sang several selections with organ music accompaniment. Interment Elgin cemetery.

She leaves to mourn, her parents, Mr. and Mrs. John Augard, her sister, Mrs. Betty Schwandt, a brother, Harold, three nieces and two nephews, and a host of friends and neighbors.

Elizabeth Tatge

Many friends attended the funeral of Mrs. Elizabeth Tatge last Wednesday at Haut's funeral home in Glenview. Mrs. Tatge had been ill for some time. She was well known in this vicinity and lived to the age of 77 years. Funeral services were conducted from the funeral home to St. Peter's church by Rev. A. Bizer, with burial in St. Peter's cemetery.

Those to mourn her are her daughters, Mrs. Albert Jannes, Mrs. Otto Sternberg and sons, Edwin and Henry. The ladies of the St. Peter's Auxiliary sang.

Richard Kertcher

Richard Kertcher, son of Mr. and Mrs. Leslie Kertcher, Elmhurst road, Prospect Heights, died Jan. 7, at the age of 2 years, 5 months, 20 days.

Funeral services were held at Lauterburg & Oehler chapel on Monday morning with interment at Oakwoods on Milwaukee ave. There remain the parents, a sister, Joan and a brother, Robert. Heart failure was the cause of death.

Adah Bodwell, Earl Mauer are married

Mr. and Mrs. F. L. Rogers, 1432 N. Dunton ave., entertained twenty guests New Year's Eve. Holiday decorations gave a festive background for the guests of honor, who joined hands to meet the New Year. Rev. M. J. Vondracek officiated. Mr. and Mrs. Rogers were attendants.

The bride's gown was turquoise crepe trimmed with sequins. Her corsage of carnations gave a permanent touch to her costume. Following the ceremony and congratulations, a buffet luncheon with attractive wedding cake, was served. Mr. and Mrs. Mauer are residing in the city. When guests dispensed they wished Happy New Year to newlyweds, and each other, so entering into 1944.

Wilson PTA to meet Friday

The regular meeting of the Wilson P.T.A. will be held at the school on Palatine rd. Friday afternoon, Jan. 14, at 1:30 p. m. There are several important matters to be discussed and an interesting afternoon is promised. All members please attend.

Born to Mr. and Mrs. Earl Johnson, East Davis st., a son, Jan. 5, in Elmhurst hospital.
Mrs. Herman Meyer, 25 S. Dunton, and Mrs. W. E. Smith, 34 S. State rd., celebrated birthdays by entertaining a number of friends Sunday night at the home of Mrs. Meyer. Following a 7 o'clock dinner cards were played.

TASTES BETTER STEWARTS GOES FURTHER

ENJOY REALLY FRESH COFFEE
Freshly packed Stewart's Coffee reaches your grocer at least once a week. He'll tell you the day. Order in advance, one pound at a time, and always enjoy really fresh coffee!

GET MORE CUPS PER POUND
Instead of 6 tablespoons for 6 cups—use just 4 of Stewart's, and get 25 to 30 delicious EXTRA cups per pound. The fancy aged and Sumatra coffees in the blend make each cup richer-flavored, more satisfying.

Flying Freight Trains
built with the speed of Electric Power

Fifteen months after the first of the C-54 series rolled off the assembly lines these super-cargo transports were flying the North Atlantic to England, the South Atlantic to India, the South Pacific to Australia, and the Northeast Pacific to Alaska, carrying vital war equipment and material to all battle fronts.

The speed with which these Skymasters made their appearance in all parts of the world is a tribute to the men and women producing these flying freight trains... a tribute also to Electric Power. For it takes this dynamic energy to make the thousands of parts... to drive the huge cranes and conveyors that bring the motors, bodies, wings and propellers together on the assembly line.

While the Skymaster serves as a passenger transport on many military missions, its most important task is the carrying of vital war cargoes on long-range flights.

With cabin dimensions approximating the size of a standard box-car, the Skymaster carries a load of 20,000 pounds on ocean hops and considerably more on shorter trips.

Electric Power supplies the air pressure for the paint sprayers as well as for the water-fall in the spray booth. The water, forced against a screen in the back, creates a vacuum which carries away vapors and excess paint.

Part of the heat-treating process given many parts of the giant C-54 "Skymaster" plane. Scene shows workers basket of parts being lowered into quenching oil after removal from electric vertical-type furnace.

These giant Skymasters are in volume production at the aircraft plant here in Northern Illinois. Maintaining a constant flow of Electric Power to this dynamic plant is one of our wartime assignments from Uncle Sam.

Electricity has gone to war — don't waste it!

FRIDAY, JANUARY 14, 1944

LIFE WITH MOTHER

January 6, 1944

Dear Eleanor:
Do you mind, old dear, if I devote this letter to telling Davy and Louis their bed-time story for tonight? I would like to have them share it with George and Edward.

Once on a time there lived a middle-aged cow. She was of Jersey breed, and therefore gentle and good. Her owner, a young boy of fifteen, loved her very much. In fact, everyone who saw her loved her.

She wouldn't have won a prize at the County Fair, still she had her good points. For instance, she had a beautiful tail! Maybe you think, boys, that that couldn't be very important. Well, it is to a cow.

This cow's tail was long, and for several inches above its end, spread into a wide sweep of hair that served as a large brush to swish across her back when the flies were bothersome.

She had another great point in her favor; she was intelligent. At one time her master taught her to come when he called her name. Of course, holding a familiar pair of dairy muck in his hand when he called might have had something to do with her promptness in going to him. When her babies grew to be a year old, and even later, she always remembered they were hers, and could pick them out though there were other young cattle in the pasture. It was true that she was an exemplary mother and gave lots of rich milk. I think this was what endeared her to Jack more than any other reason. (Jack was the name of her young master).

Now I shall tell you of an incident in this cow's life that took place one winter's night shortly after Christmas. The snow lay heavily over the pasture, though in the morning there hadn't been a sign of it when Jack left for school. Since he alone was responsible for this animal and her family, no one came around to take them in-doors when the weather changed.

There appeared to be nothing else for this cow and her 14 month old calf to do, but wait in the snow for Jack to come for the usual milking, feeding and bedding down for the night. Fortunately, the new little calf, that had been born just five days before Christmas, was in her stall inside the barn. Her mother knew she was safe and warm, and wasn't concerned about her. But she was concerned, and somewhat alarmed, when her other daughter who had walked quietly at her side during the day, suddenly acted nervous and fidgety.

"Don't you think it's time I see a little of the world?" she asked of her mother. "On a cold night like this?" her mother replied. "Goodness no, besides, you're still young, my dear." "But, mother, I'm tired of this old pasture. I don't mind the cold for haven't I got on my heavy winter coat? It's a lovely night, the stars are bright enough to show me the way, and I promise to be back in time for supper." All this was said very coaxingly, you may be sure. However, her mother refused to give her permission, and instead went around to the back of the barn to get out of the wind.

It was then that this young heifer did a most awful thing; she disobeyed her mother! She saw a break in the barbed-wire fence and bounded straight for the road that led to the village. It was lucky her mother was blessed with excellent hearing, for quick as a flash, she followed her daughter in the dark, and caught up with her before you or I could say Jack Robinson!

"If you must take a walk, I'm going along to see that no harm comes to you," said the mother cow, panting a little. After all, she was a middle-aged cow, you remember, and not used to running around anymore. Where do you think they went?

First, they walked up to the house where Jack lived and seeing no one about, continued on their way over the side walk into the street. They followed this road until it made a sharp bend to the left. Clemmy, for that was the calf's name, stood still a few minutes to make up her mind. It was then her mother said, "Haden't we better turn back? I'm afraid you will take cold if we go much farther." Just about this time the calf saw the bright lights of the gasoline station on the corner, and nothing could stop her then!

The horrified mother started into a trot, her generous bag of milk swinging from side to side. "What, oh! what has gotten into that girl-headed girl?" she thought to herself. They finally reached the highway, and the mother called out, "Don't you dare cross that road!" Clemmy didn't. Maybe, it was the tone of her mother's voice, or perhaps, Clemmy's conscience was beginning to speak inside; whatever it was, she stood very still and only looked across at the gasoline station with its fascinating array of pumps, oil cans and such. It was all very strange and wonderful to a calf who had never been away from home before.

At last, her mother became impatient, and especially so when she noticed they were standing on the lawn in front of the village hall. Even if it was covered with snow, it wasn't the thing to do. "Come, come, daughter, this will never do. You must follow me home." With that they walked around the build-

ing, passed the water tower and right into the back yard of Jack's friend, Bob.

Now, this Bob is always on the alert where animals are involved. He is particularly fond of horses, and he immediately thought, "This is surely the time to put into practice some of the theories I've been reading in my Wild West books about herding cattle." With that he was out of the door and up the road to Jack's house. "Your I'll saddle Toots and help you herd them up," Jack had just come home from school and basketball practice, and hadn't yet put on his barn clothes. "Golly, thanks, Bob. I'll be out in a second."

He flew into his clothes, grabbed a lead rope from the hook in the hall, and dashed away into the darkness. His father, who had been about ready to sit down to his dinner, gave up all thoughts of it, donned his old work duds and followed. Just then, the telephone rang. Can you guess who it was? It was the chief of police! He happened to be a very understanding person, and a great lover of animals. I think all people who love animals, "have an understanding nature." Just wanted to let you know that your cows are wandering around the town. They were last seen heading west," he told Jack's brother who had answered the phone. (Later he came to the house to see if all had been safely returned). There was nothing left for Jack's brother to do but get into his car and begin a search for the men in order to tell them in which direction to go.

In the meantime, Jack and his friend, Bob, had been using their heads to good advantage. They merely looked for hoof prints in the snow of Bob's yard, and followed them! When they spied the animals they were about two fields west of their barn home. Bob rode his horse around in back and faced them to the east. Jack and his father kept to one side of them, while Bob circled back and forth, keeping them from turning back, and giving them no chance for escape.

By now, Clemmy was feeling the pangs of remorse, and not a little frightened. She realized that she had caused her mother a great deal of anxiety and trouble, and she was sorry. She wished with all her heart that she was home. All the time she was having these thoughts she and her mother were being urged along towards the barn. Her mother didn't say a sharp word to the naughty daughter. In fact she didn't utter one word of any kind, it was too embarrassing to be found in such a situation. She hoped her master would understand SHE was there ONLY to watch over her calf, who was apparently too young to know how to properly conduct herself.

You can imagine how happy and relieved Clemmy was when they reached home and the barn door closed behind them. The new baby calf, who was named Carol, because she was born so close to Christmas Eve, was overjoyed to see her mother again, and Bonnie, the bay mare, called over from her box stall in the corner, "It's about time you people showed up. I've never waited so long for my oats before!"

Later on when they had all been fed, given water, bedded, and it was quiet in the barn, the mother cow turned to her penitent daughter and remarked, "My dear, one of the first things we must learn in life is to be considerate of others. It is the only way there can be true happiness in the world."

Don't you agree with me that she was a most unusual and wise cow?

I'm sure you know by now that the name of the cow is Daisy June, and that this is the true story.

Always with love to you both, Charlotte, J. D. "Nunnie," Daddy and Mommy, from your devoted Aunt Mary.

Miss Elvera Kastning was hostess to her bridge club on Friday evening and following the session of bridge, the group enjoyed a buffet supper. Mrs. Charles Grom was high at bridge.

It happened here

Among the pleasant aftermaths of Christmas are the good stories going the rounds. Mr. T., one of the office force in a large concern, boasts of his wife's raisin bread; just before the holidays he brought a whole loaf of the bread and a quarter of a pound of butter to the office to share with his fellows; as a sidelight on office life, this pleasing incident needs no comment. Little Cora, given permission at Aunt Tony's Christmas dinner to help bring in the dessert, elected to carry the glass plates; walking very carefully, she began at the company. "I don't very often break anything," she reassured them. We enjoy a geographical flavor with our Christmas goodies; there are the pecan meats from the trees in the Lieut. Col's yard in Texas, a box of sweets from dear ones in Colorado, a box of apples and pears from Washington State and a box of oranges, grapefruit and conchits from Florida—from the northern tip to the southern. There is something odd that impels people to invest in certain gifts at Christmas time—people who ordinarily behave rationally; a lady, living in a rather crowded bungalow, with her hands full of various kinds of duties, was sent a small, untrained puppy as a delightful surprise—unaccompanied by any small boy to enjoy it, but perhaps there was no small boy packaged and ready to be sent before Jan. 1, 1944.

S'Amuser.

Charles Proctor engaged to New Jersey girl

Mr. and Mrs. William S. Perdue of New Brunswick, New Jersey, announce the engagement of their daughter, Miss Dorothy Perdue, to Corporal Charles F. Proctor, son of Mr. and Mrs. Fred O. Proctor of Park Ridge.

Miss Perdue, a graduate of New Brunswick high school, is employed by the National Bank of New Jersey. Corporal Proctor graduated from the Arlington Heights township high school with the class of '37, attended Armour Institute of Technology for two years and is now on military leave of absence from the American Telephone and Telegraph Company.

At present he is stationed at Rutgers University studying electrical and communications engineering under the Army Specialized Training Program.

Mr. and Mrs. Proctor are looking forward to having Miss Dorothy as their guest early in April.

Many attend New Year's party

The New Year's Eve party held at Rolling Green Country club in Arlington Heights this year was well attended by many localities and proved to be one of the finest ever held at the club.

Outstanding entertainment with a swell floor show and a fine orchestra featured an evening that will long be remembered by those who attended.

A novel feature was a buffet laden with tasty morsels which were served during the entire proceedings and met with hearty approval of the employees.

This neighborhood is indeed fortunate in having this fine club where one can enjoy a game of golf during the summer on a championship course with a reputation of having some of the finest greens in the Chicago area.

Mr. and Mrs. Arthur McElhose were hosts to a group of relatives from Chicago and the village including three service men, on Sunday.

Beautiful Diamonds

When selecting a diamond go to a dealer in whom you can have confidence. A gift so meaningful must be of lasting and distinctive quality.

Arlington local news

Roger McElhose of the USN, is recuperating in a California hospital from a recent ear infection. Roger was transferred to the west coast shortly before Christmas.

Mr. Warren Fellingham and Mr. and Mrs. Jack Monroe were Saturday evening dinner guests in the home of Mr. and Mrs. Robert Fellingham of Tower Lakes.

Mr. and Mrs. Curtis Stout of Houston, Texas, arrived last week in the Chicago area, where they are visiting relatives and friends. Mrs. Stout is the former Chic Hauptly. Mrs. Stout was guest of honor on Wednesday of last week at a luncheon in the home of Mrs. Gail Wrede of Ringwood, Ill., and on Sunday evening Mr. and Mrs. Owen Baxter of Lake Bluff entertained the John Schuenburgs, the Gail Wredes, the Will Kastnings, and the Stouts at a supper party in their home.

Mrs. John Schuenburg entertained a group of friends on Wednesday of this week at a one o'clock luncheon, honoring Mrs. Stout.

Corephelia Society met on Monday evening in the home of Mrs. J. T. Best with the new president, Mrs. Cherie Kellogg presiding. Following the business meeting, the group enjoyed a social hour and refreshments.

Mr. and Mrs. D. Wheeler of North State rd., are parents of a baby girl, born in the Elmhurst hospital on Tuesday, Jan. 4. The Wheelers have two other sons, one eighteen and in the armed services and one sixteen, attending the local high school.

Mr. and Mrs. Robert Blackburn and family attended the performance of the "Sons of Fun," now showing at the Civic Opera house.

Mrs. Paul Collins was hostess to a group of friends on Friday afternoon, to a dessert luncheon, honoring the birthday of her mother, Mrs. Shepard of Union Grove, Wis., who is visiting in the Collins home.

Donald Hansner, son of Mr. and Mrs. W. C. Hansner, is an aviation student at Wittenburg College at Springfield, Ohio, and has been named a squadron commander. He received his basic training at Jefferson Barracks. Prior to his enlistment in the air corps, Donald attended the University of Rochester on a scholarship and later took civilian air training at Harvey, Ill.

3 out of 4 Cars are in danger of zero weather hazards

IS YOURS ONE?

You Can Reduce the Danger by Letting Us Service Your Car

Sub-zero temperatures can wreak havoc with a car unless that car has been adequately prepared to meet winter weather. Many motorists neglect to have their cars completely readied for zero driving, which often results in much inconvenience and extra expense. This can be avoided if your car is brought to a service garage fully equipped to give you a complete checkup. We will be glad to give you this kind of service.

St. James surgical unit celebrates first birthday

The members of the surgical dressing unit which meets on each Thursday in the St. James school hall, celebrated their first anniversary of service in this field on last Thursday, when the group enjoyed a one o'clock luncheon.

The luncheon table had a large Red Cross in the center, upon which rested the anniversary cake complete with one candle. Large red V's at either end completed the patriotic arrangement of the tables.

Mrs. Fitzpatrick is in charge of this group and reports that the members have completed 30,000 bandages during their work year. Following the luncheon, the group continued their production work for the afternoon.

CLUB CALENDAR

14-Friday, 8 p. m., St. Peters Lutheran school Mother's club meeting.

FRIDAY, JANUARY 14, 1944

PAGE FIVE

Ruth Gehrs becomes bride of Canadian Sgt.

Miss Ruth Gehrs, daughter of Rev. and Mrs. F. L. Gehrs of Elk Grove, became the bride of Sgt. George H. Flett, son of Mr. and Mrs. W. J. Flett of Toronto, Ontario, on Tuesday evening at 8 p. m. in the St. John's Lutheran church of Elk Grove.

The father of the bride performed the ceremony before the altar, which was banked with palms and red and white carnations.

Miss Nathalie Presthaldt of Chicago sang "Oh Perfect Love" before the nuptial rites were read and Mr. Paul Mecke presided at the organ.

The bride chose for her wedding a gown of white satin, fashioned with a lace bodice, lace trimmed

sleeves, and its full skirt complete with a long train. Her fingertip veil was held in place with a crown of orange blossoms and she carried white carnations.

Mrs. Carl J. Gehrs, sister-in-law of the bride, was her two bridesmaids. The attendants were Margaret and Pauline. The bridesmaids wore light blue and white alpine gowns, fashioned with torso length blouses and bouffant skirts. They carried red and white carnations and wore red carnations in their hair.

The best man for the groom was Mr. Clyde Evans of Chicago and served as usher.

Mrs. Gehrs was gown in plum colored crepe for her daughter's wedding, and wore a corsage of white carnations.

A wedding reception was held for one hundred guests at the Gehrs home following the marriage and the young couple left Wednesday for Toronto for a ten day wedding trip, where they will visit the parents of the groom.

The bride is a graduate of Lutheran Institute in Chicago, and has been employed by the New York Life Insurance Co. of Chicago.

The groom received his education in Toronto, and prior to his induction was also employed by the New York Life Insurance Co. Sgt. Flett is stationed at Camp Edwards, Mass., with the finance office of the army, and the young couple will make their home near the groom's station in the east.

Out of town guests at the wedding were Mr. James Flett, brother of the groom from Toronto, Canada, and many others from the Chicago area.

Woman's club to meet Wednesday

The next meeting of the Woman's club will be held Jan. 19, at 1:15 p. m. Mrs. Oliver Olsen of Chicago, chairman of the war service department of the Illinois Federation of Women's clubs, will hold the interest of the club members when she talks of her many experiences as a teacher and speaker on Braille. After the program the members are urged to stay and make surgical dressings for the Red Cross.

At the last meeting Father Hubbard gave a very interesting discussion on "Post War Relations."

Mrs. F. Briggs announced the 7th District meeting at the Irving Park Lutheran church, corner of Dell Plaine ave. and Harding ave. on Jan. 12, from 10 a. m. to 4 p. m.

Mr. A. H. Franzen, chairman for the 4th War Loan discussed his plan for the drive.

Mrs. D. Cox, Red Cross chairman, announced the date of the next blood bank as Feb. 1.

Mrs. Freeman, hostess chairman is recovering from surgery. Mrs. B. H. Beiler served as hostess assisted by Mrs. Weir. Mrs. E. Heller and Mrs. E. G. Bussing poured.

Mrs. Luella Kettnerman is in Washington state with her son, Joe, who is working in a defense plant there. She has leased her apartment on North State rd.

PTA to meet next Tuesday

The Arlington Heights Parent-Teacher association will hold their regular monthly meeting on Tuesday evening at 8 p. m. in the north school.

Mr. James Pease, superintendent of the LaGrange schools will talk on "Community Responsibility Towards the Schools," in conjunction with the theme for the year, "Children Challenge the Community." Mr. Pease is also legislative chairman of the Lake Shore Division of the Illinois Education Association and is actively interested in school and civic affairs.

Music for the program will be furnished by a piano, flute and violin trio from Maine township high school.

Members of the association are urged to sign up for the blood donor service, which will come to the village on February 1.

Mrs. Joseph Zikmund has been appointed the new P.T.A. treasurer, filling the vacancy following the resignation of Mrs. Fred Lewke and Mrs. Zarr is the chairman of the poster committee.

Local group serves at city service center

The Welcome club of the St. Peter's Lutheran church served as hosts at the Lutheran Service Men's Center at 65 East Randolph st., Chicago, Monday afternoon and evening.

The group served hot roast beef sandwiches purchased from a catering company and took to the center, plenty of home made bread, cakes, cookies, candy, pies, and fruits and cigarettes.

Those who served in the canteen were Mesdames Clarence Horcher, Carl Duesen, George Dieber, Irving Kohling, Verna Brodman, Kenneth Sieburg, Harry Strigrow, Raymond Landmeier, and Floyd Burns.

Several girls from the Lutheran church here served as hostesses for the evening. They were Amanda Kolb, Margaret Schulte, Ruth Stittman, Gertrude Bornkamp, Anita Heuer, Shirley Sanders, Bernice Bornkamp, and Bernice Burns.

One of the features of the evening at the service men's center, is the giving of a free telephone call home to 3 boys and the Welcome club also sponsored this feature.

Various Lutheran organizations in the Chicago area sponsor the Service Men's Center, which is open every day in the week from noon until midnight. Church services are held in the center every Sunday afternoon.

The Welcome club is sponsoring the breakfast for the local boys who leave this Friday for induction.

'Bundles' unit rummage sale this Saturday

A mid-winter rummage sale will be held in Arlington Heights Saturday, Jan. 15. The sale is sponsored by the Bundles for America and will be held in the vacant store on Northwest Highway recently vacated by Christens delicatessen.

Mrs. Wm. B. Forrest is in charge of the sale and is asking the general public to cooperate by contributing for the sale any articles of used clothing no longer used by their family, coats, dresses, underwear, shoes and other articles. They may be brought to the store on Friday afternoon, or will be called for, if the chairman is notified. Mrs. Forrest's number is 1776-B.

Proceeds from the sale will be used to purchase woolen yarn, to be used in the knitting of sweaters, helmets, scarves and other articles for servicemen.

The sale will open at 9 a. m. and continue until all of the clothing is sold.

The members of this organization are constantly at work to further the war effort, and it is hoped that the general public will cooperate in the donation of rummage and in patronizing the sale.

American Legion auxiliary notes

Mrs. Alfred C. Russell, 114 E. Euclid, will be hostess to Merle Guild Unit No. 308, the American Legion Auxiliary, at an all day sewing bee on Tuesday, Jan. 18. This being the regular social afternoon, the hostess will serve dessert and coffee as usual—bring your own sandwiches.

Mrs. Leonard Weidner returned home from the Elmhurst hospital with her new son last week. The baby, who has been named John Charles, was born on Dec. 22, and weighed 8 lbs. 1 1/2 oz.

Expresses value of Red Cross surgical units

Those who may question why surgical dressings for the army are not made entirely by commercial manufacturers, will find their answer below.

Mrs. Richard M. Bissell, assistant director of Volunteer Special Services in charge of Red Cross production at National headquarters, in addressing the annual meeting of the chairmen and co-chairmen of the Production Corps, at Orchestra Hall this fall, told why so many hundreds of thousands of women all over the country are patiently, laboriously, day in and day out, making surgical dressings.

Mrs. Bissell states they know it is Red Cross work, they know the Red Cross asks them to do it, but I wonder if many of these devoted workers realize that no other means exists of supplying the army with this vital part of its equipment. It is a definite Red Cross obligation, and one of the most important rendered by the Red Cross to the Army.

"The number of dressings to be made by the Red Cross is determined in this way: Meetings and discussions take place between the Surgeon General's office, representatives of the leading manufacturers of surgical dressings, and the Red Cross; the Surgeon General presents the total army requirements for the coming year; the manufacturers then figure how many they will be able to make and the Red Cross is asked to supply the balance. The balance is very large. It is probably between 80 and 90 percent of the total program. The commercial manufacturers have neither the labor nor facilities to supply all the needs. There is no way to meet requirements except through the Red Cross."

Mrs. Bissell pointed out that during the previous year the Red Cross had completed an amazing total of 766,392,590 surgical dressings. The quotas are going to be increased, with 3 1/2 million surgical dressings being shipped daily into war zones.

The surgical dressing unit here is striving hard to fulfill their part of the staggering quotas needed for the battle fronts this year, and urge women in the village to do

nate part of their time each week to this effort.

The field house is open on Monday, Tuesday and Thursday from 10 until 4, and on Monday and Thursday evening from 7 until 10. One unit meets in the St. James school hall from 10 until 4 on Thursdays and in the St. Peters school hall on Wednesdays from 10 until 5.

The only requirements are to wear a washable dress or one that may be covered with a washable smock or Red Cross veil over the hair and no finger nail polish.

OES notes

Two officers were installed at the December 23 meeting of the local O.E.S. Chapter, when Raoul Peeters was installed as associate patron and Margaret Pring was installed as Marshal. The new worthy matron, Dorothy Dutton, presided.

The next regular meeting of the chapter will be held on Thursday evening in the Presbyterian parish hall, when a candidate will be initiated.

Miss Lydia Hausman was hostess to the Past Worthy Matron's club on Tuesday evening, Jan. 4. The group discussed plans for the year and a social hour and refreshments followed the meeting.

Katherine Hines spent the weekend in Rockford, visiting relatives and friends.

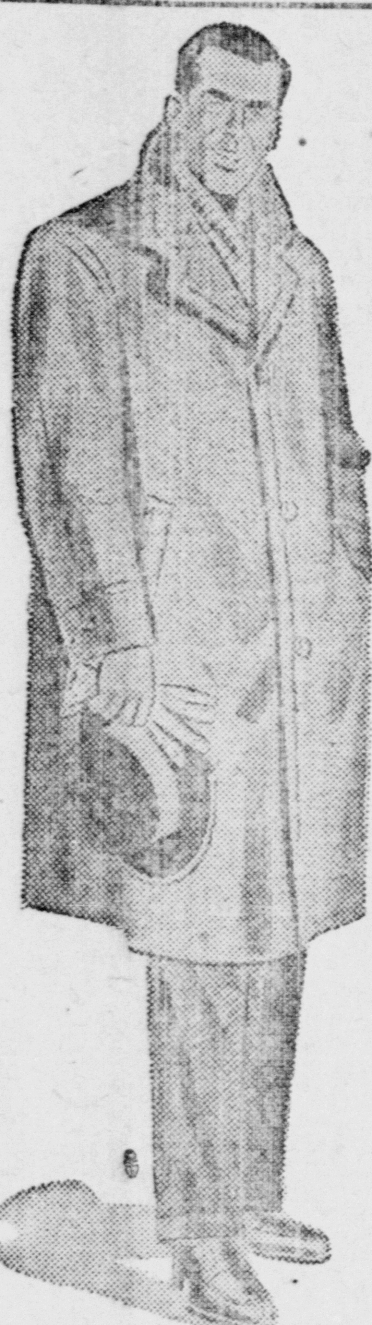

Ruth Gehrs is shower guest

Three parties were given in honor of Ruth Gehrs of Elk Grove last week, honoring her marriage to Sgt. George H. Flett of Toronto, Canada, which took place on Tuesday evening.

Miss Arlene Nagel entertained a group of friends of the bride at a personal shower on Jan. 4 in her home where red, white and blue decorations gave a patriotic setting to the pre-nuptial party.

Two other miscellaneous showers were given in Chicago for the bride on Saturday, prior to her marriage.

Mrs. Marvin Preilberg was hostess to her bride club for dessert and cards on Wednesday afternoon.

Alpagora

The Coat with the double-dense fabric

Alpagora coats are tailored of a special fabric . . . a fabric that has twice as many wool fibres on its surface as the average. This construction—textile scientists call it "Double Dense"—makes the cloth deep, soft, luxurious, and at the same time, unusually long-wearing. That's why Alpagora is such a long-odds favorite with our customers. That's why we recommend it so highly to you.

★

Today, with the eyes of the world upon us,

THE FOURTH WAR LOAN IS LAUNCHED!

TODAY, the 18th of January, America's Fourth War Loan starts.

It is the largest of all war loans in terms of *individual participation*—in the amount you must dig down for.

And—it is, perhaps, the most important of all War Loans. For it comes at a time when the eyes of all the world are upon us; the eyes of our friends, the eyes of our enemies, the eyes of our own fighting men.

We have just entered the crucial year of the war, a year of destiny, a year that promises to decide how good or bad a world we'll have to live in all the rest of our lives. And the world is wondering how deeply we mean it when we promise our men we'll back their attack, and when we promise our Allies we'll stick with them not only through the winning of the war but through the winning of the peace as well.

The Fourth War Loan is the home front's first big test of this new and vital year. It will take unity and determination of will of *all* the people to make the Loan succeed.

The need for this and other War Loans should be clear to every American. This war is the costliest effort ever undertaken by any country. It costs 250 million dollars each day. This is just the cost of the war, in addition to the regular, inescapable cost of running a great and huge country. Taxes can't take care of all this outgo. Neither can government borrowing from insurance companies, savings banks, corporations, and other large investors. It is necessary to turn to the people, their weekly wages, their savings ac-

counts, the money tucked away in pantry sugar bowls, in socks, under mattresses.

This is as it should be. In a democracy, war is the business of all the people. Some must fight, some must work and put up the money.

It's the *only* way to raise the money. It's also the *right* way to raise the money. It gives you a good place to invest the extra money you have today. It's a curb on inflation, on that dangerous bulk of pocket money that leads to black markets and disastrous spending. It's a mattress for tomorrow, a sort of individually planned Social Security that will bring in welcome money in the years ahead when income might not be the Mississippi flood it is today.

These last are not the reasons for the Loans. They are extra reasons, however, over and above the \$1 interest you get on every \$3 you invest. The fundamental reason for the Fourth War Loan is that your beloved America, at war and in danger, needs your help!

Every one who has a job or savings, should invest at least \$100—if possible, \$200, \$300, or \$500 extra. Some 5,000,000 Americans, volunteers, will be working to sell these Bonds. One of these volunteers will ask you to buy, where you work, at your home, or some other place. If by some chance, you're missed, find out where to buy and buy on your own.

The place where you work will have a quota. That's where you should make your major investment. That's where your personal quota really counts.

But...

The place you live also has a quota. Try to invest there, too. Other people will ask you. Salespeople, in

retail stores, have volunteered to help and have an individual quota. If they ask you to buy, try to buy from them, too. Movie theaters, restaurants, schools, banks, postoffices, and many other places also will be selling bonds.

The Fourth Loan is a test of us as a nation.

The eyes of our fighting men are upon us to see if we are backing them.

... The eyes of our Allies are upon us to see if we are with them.

... The eyes of our enemies are upon us to see if we are soft enough to fall for a non-victorious, here-today-gone-tomorrow peace...

Are we? *The answer is in your pocket!*

Let's all **BACK THE ATTACK!**

Brothers return from 2 years overseas duty

Brendan Roche, of the Merchant Marine and Richard Roche of the Coast guard, are getting acquainted again, after two years separation in their respective lines of duty. Their home is in Arlington Heights.

Brendan, who has been in the Merchant Marine for more than a year and a half, has just completed nine months of sea duty in the Mediterranean theatre of war, where he served on a ship, which has been hauling oil and gasoline for the British to the various fronts. During that period, he hit ports in Sicily, Italy, Malta, Palestine, Syria and Egypt, in fact practically all ports aside from Spanish Morocco. Brendan states that he has been under fire and bombing more times than he likes to remember, and has seen enough action to keep him happy for a long time to come. He states that the living conditions in all of those countries is very bad, and thinks that Malta is by far the worst. He was at Port in Malta, when it had one of its worst bombings.

During the entire nine months Brendan received no personal mail, and it was only upon arrival in this country last week, and upon calling home from the east that he learned of his mother's death, which occurred last summer. He did receive a bundle of Arlington Heights Herald while at the port of Alexandria, but his personal mail always seemed about two months behind. The international Red Cross had attempted to reach all three Roche boys at the time of their mother's death, but due to their sea duty failed to accomplish this.

Brendan was at sea on Christmas day, and stated that the only thing that marked the day as any different was the turkey dinner. The turkeys were procured by two lieutenants of the air corps in Italy, who listened

with sympathy to the boys tale of a skinny Christmas dinner. No one has any time or inclination to loaf on board a ship in the Merchant Marine according to Brendan, or they pay the consequences.

While at Italian ports, Brendan tried to locate his brother, John Patrick, but was not able to do so, and he hopes to be able to make this contact upon his return to active duty, that he may inform him of the death of his mother. John has served for one year in the air corps as a reserve gunner, and is based in Italy.

Richard of the coast guard, has served his two years of duty doing beach duty, patrol duty, and in runs off the coast of Norway and the Azores. Following the present furlough, he will report to Little Creek, Virginia, where he will instruct armed guards. Richard is a Seaman Second class.

While in the Mediterranean area and so closely associated with the British, Brendan looked twice at every American, to see if he could spot one from home. He did not find any one he knew, but did meet H. D. Hanselman who has a sister, Mrs. Gilberts, living in Mt. Prospect.

Brendan leaves the first part of February for the east coast and active duty again, and is scheduled after the next run of two or three months for officers training in this country. He is not too optimistic about the length of his run, for the last one scheduled for that length of time, stretched into nine months.

So. Carolina

Word reached our office this week that Donald Peeters of Arlington Heights is being transferred to a navy hospital at Charleston, South Carolina, for brain concussion treatment.

As stated in last week's editions, Donald was injured in an obstacle course action, while in training at the University of South Carolina at Columbia, S. C. Extent of his injuries were not known at first, but have now been determined to be brain concussion. Removal from the infirmary to a hospital was necessary for proper treatment.

Camp Grant

Moving to Camp Grant is Joseph Lagowski of Bensenville. He had been stationed at Camp Adair, Oregon. His present address is Cpl. Joseph Lagowski, 101st Genl. Hosp., Camp Grant, Ill.

Bank nets \$9

Traveling bank at Arlington Heights last week netted T/Sgt. Richard Niemeyer \$9, bringing the bank total to \$1,952. This week Harold Dieball is the driver of the traveling paycar.

Italy

Writing from Italy is Franklin Bublitz of Arlington Heights.

"I finally landed in Italy. We flew all the way, landed in a lot of places, and I enjoyed the trip. All the way always managed to have a good time wherever we stopped. At one stop in Brazil, champagne was so cheap that we managed to get all we wanted.

"Things aren't so very bad here could be a lot worse. We're living in some old Italian barracks and little by little we're getting them fixed to the point where they're liveable and half way comfortable. The chow isn't half bad—always managed to get enough—only trouble is sweating out the chow line. Seems that my appetite has increased quite a bit since I came here—maybe it's the Italian wine that does it. It's quite cheap here and there's plenty of it. It sells for four cents a glass—fifty cents a bottle. Some of the better grades run a little higher.

"Sure was surprised to see the differences in the customs of the people—everything seems so different. You see very few cars—people use carts drawn by either horses, mules or ponies. Their dress is slightly different from ours also, most of the younger people seem to dress the way we do, but the older people seem to hang onto their old customs.

"As a whole things aren't too expensive in town. A fair price for a shave and haircut is 10 cents, oranges and tangerines are plentiful and are fairly cheap. The only expensive thing I've found so far is candy."

His address is Lt. Franklin Bublitz, 0-688305 APO 520 c/o PM, New York, N. Y.

Serving with the Rangers in Italy is Chuck Snyder of Palatine. Chuck is best remembered as the short, scrappy member of Palatine basketball teams of three and four years ago.

"I thought I'd write and let you know where I am and my new address. First I'm somewhere in Italy. Second, I'm in the United States Army Rangers, a rough, tough outfit, just the same outfit as the British Commandos. I like the outfit very much, it's got a bunch of swell fellows in it. "I've been moving around a lot and I haven't received any Palatine paper for three months. In fact no mail for three months. It should be catching me soon.

"I think I'm the only fellow from Palatine in this outfit so give the Rangers a plug. I'm fine and in good health and in good condition. Too bad I'm not playing basketball for Palatine high, because I'm really in shape for it. I wish I was."

"I hope to hear from lots of Palatine people I want to wish you staff and all the people of Palatine a very Merry Christmas and a Happy New Year. We are saving our New Year's Eve celebration when we march into Berlin. I hope it's soon, too. Here's hoping I get the paper soon."

All right, you penpushers, let this former Pirate basketball player know what's going on at home. His address is Pvt. Charles W. Snyder, 36657638, APO 464, c/o PM, New York, N. Y.

FRIDAY, JANUARY 14, 1944

PAGE SEVEN

With Uncle Sam California

Pfc. E. H. Jahn of Palatine writes from Camp San Luis Obispo, California. Jahn's letter is reprinted in part and serves as a reminder to the folks at home of their part in the forthcoming bond drive.

"We of the 81st Div. have spent 19 months of extensive and intensive training. We have trained in the hills and swamps of Alabama, the cypress jungle of northern Florida, the mountains of Tennessee, and the hot sands of the deserts of Arizona. We have suffered from thirst and existed on canned, dried, dehydrated and powdered fruit, meat, eggs, etc., for nine long months. We slept on boggy, rocky ground, then hot desert sands, with only the stars for a roof. We have gone through a lot. But we know for conditioning that men of our armed forces all over the world are going through even more, no doubt for long periods without relief.

"We of the armed services are giving everything we have. All we are asking of you people at home is just to keep on buying bonds and keep on working with us, so we can get this over with soon and all of us can return to a peaceful home again.

"We have every convenience a soldier could ask for in this camp, heated cabins, electric lights, hot and cold water, wonderful food and beer at 10¢ a bottle. A soldier could not ask for more. Our pay is small compared to the civilians pay. But most everyone is satisfied and get along on it. In fact 92 per cent of the men in the 81st Div. invest a certain part of their pay in war bonds.

"We in the army know full well what food, equipment, clothes, ammunition and weapons are expended daily. It is enormous. We are on the offensive and expect to hold it. So the more bonds bought the quicker it will end."

Our service star No. 7 from the office, represented by Harold Bauer of Arlington Heights, writes from San Diego, California, where he is stationed with the Marines.

"Tell Dick he can have California any time. The only thing we have out here is liquid sunshine and when there is no liquid sunshine we freeze to death in the morning, sweat our head off in the afternoon, and freeze while we're sleeping."

"I'm getting the paper pretty regular now and does it feel good to be reading it in peace without watching the press and to read of some of the guys I used to hang around with.

"I'm out on the rifle range now and things are a lot different here than at the base. Instead of getting up at 5:30 a. m. we get up at 6, except Sundays. 5 a. m. and is killing me. When I get a furlough I think I'm going to sleep it away. To top it off we go to bed at 8:30 or 9:00 p. m. That's the Marine's life.

"We live in huts now with wooden beds and is that awful trying to get comfortable. We have to keep a stove going for an hour to get heat in the place and then some fresh air find has to open all the windows so we put everything that we own over us to keep warm, even our rain coat and sea bags. In the morning it's too warm in our bed to get up.

"Even spent Christmas in guard house where our platoon was in on guard duty and New Years on the range hitting the deck."

His address is Pvt. Harold Bauer, Plt. 1119 RDMCB, San Diego 41, California.

Naval Aviation Cadet Allen J. Harth of Arlington Heights was graduated with the 35th Battalion at St. Mary's Pre-Flight School, St. Mary's College, Calif., this week and will be transferred to the Naval Air Station at Livermore, Calif., for his primary flight training. At Pre-Flight, Cadet Harth successfully completed three months of ground school, military and athletic training.

At St. Mary's Pre-Flight Cadet Harth took an academic course that included celestial navigation, essentials of naval service, advanced aerology and advanced recognition of ships and planes. His military art course included communications, seamanship, gunnery and first aid.

For physical conditioning he engaged in many competitive sports, among them swimming, boxing, wrestling, football, basketball, hand-to-hand combat, tumbling and gymnastics, military track and soccer.

As part of the St. Mary's Pre-Flight graduation ceremonies, Cadet Harth participated in a regimental review which was received by Commanding Officer Clyde W. King.

Writing from Pittsburgh Replacement Depot, Pittsburgh, Calif., is Pvt. Geo. F. Wargin of Route 1, Arlington Heights.

"Thanks for sending the home town newspaper. Was very interesting to read about the boys I know back home and also the neighborhood back in Wheeling and nearby towns.

I had been in Camp Crowder, Mo., for 13 months, in a signal corps school for ten weeks, taking up telephone and climbing poles. I then went over to the new area in UTC for advanced training. I am now ready for overseas duty.

"It sure is swell down here. They have a rainy season here so it has been raining off and on since I arrived here, about Jan. 1."

His address is Pvt. Geo. F. Wargin, ASN 36618745 Co. B, 2nd Bn., Pittsburgh Replacement Depot, Pittsburgh, Calif.

Writing from San Diego, Calif., is Donald Coakley of Palatine.

"Thanks to the people of Palatine for making it possible for servicemen to receive the Enterprise. I'm proud to be from Palatine."

His address is Pvt. Donald Coakley, Plt. 884 RDMCB, San Diego 41, Calif.

Washington

From Seattle, Washington, this week comes word from Frank Irons of Palatine.

"Many thanks for the copies of the Enterprise which are reaching me regularly. It certainly is swell being able to keep track of things back home to say nothing of those pages devoted to the other fellows in the service.

"I am attending a gunnery school and quite busy learning the fine arts of 'Fire Control.' It's a lot different than shooting a shotgun believe you me. A few more weeks here still remain. After that I am looking forward to seeing either more of the world or the U.S.A. One never knows. Liberties never too frequent, are not too bad and my wife and I have so far managed to take in quite a bit of the grand scenery hereabouts.

"Wonder how all of those Methodist bowlers are getting along. Haven't bowled since joining the navy and often wish I was back there on Tuesday nights, knocking them over at Dinse's."

His address is F. A. Irons S 2/C, F.C. (A) 1-44, ANTS, Seattle, Washington.

New Jersey

There's a lot of difference between desert heat and the cold winds from the North Atlantic, according to Capt. Robt. Kruse of the 90th Division which recently moved from desert maneuvers to Fort Dix, New Jersey.

They left California on the afternoon of Dec. 24 and arrived in New Jersey Dec. 28, making the 3,000 mile trip in four days. The train stopped over for an hour in Chicago, but none could leave the train. Bob slept between sheets on a mattress for the first time in four months while on the train, but it was "too comfortable" and he found it hard to sleep.

Although they are now housed in comfortable barracks the boys found it a bit difficult to adjust themselves to the change in climate. With some fellow officers Bob recently treated himself to a real dinner which set them back \$4.50 each. But after four months of canned, dehydrated and powdered foods it was worth every cent to the hungry soldiers.

Georgia

Lt. James B. Jackson, USMCR of Elmhurst rd., Mt. Prospect, is on detached duty at The Infantry School, Fort Benning, Ga., where he is attending the Officers' Communication course. He has been assigned to the 13th company of the First Student Training Regiment.

Lt. Jackson was commissioned July 14, 1943, and has served at U. S. Navy and Marine Corps schools.

The Officers' Communication course, a 12-week program, prepares officers as Communication Officers for Infantry units and qualifies them as instructors in signal communication. The course is one of several taught at the Infantry School, home of the famed Officers' Candidate School. Other courses include Officers' Advanced, Officer's Basic, New Division Officers', and Officers' Motor Course. There are also Motor and Communications courses for enlisted men.

Virginia

Writing from Ft. Monroe, Va., is Al Pedersen of Arlington Heights.

"Here I am back in Camp in Virginia again. I certainly enjoyed my ten day leave at home. Wish I could have stayed home long enough to ring in the New Year, however, when duty calls, I move in a hurry and I don't mean perhaps. Of all the places I have been, I can truthfully say that Arlington Heights is the place for me. The people are the same as they were three years ago, when I left. Course I will admit I missed seeing a good many faces around town. You don't have to tell me where they are. I can guess that part without any trouble.

"The Arlington paper has been coming through fine. It keeps me posted on the happenings of the men in the service, and also what's going on in Heights. I look forward to getting it each week.

"By the way, tell Bill Neumann to be sure to put some lighter fluid in that lighter of mine, or should I say 'HIS.' He took it as a Christmas present. It's o. k., no hard feelings. Remember next time. A haircut on the house.

"At present I am in the Officers' Pool awaiting assignment. A big hello to all my pals in the service and all my friends back home."

His address is Lt. Alfred E. Pedersen CA (SC) ORP, 0-1081805, Fort Monroe, Va.

Wally Cramer of Palatine sends a short note from Camp Peary, Virginia.

"Just a note to let you know I survived the New Year o. k. in Washington. Weather there was nice, though Richmond had snow and ice. Hope I'm home for next Christmas. Tell the folks back home to buy those bonds and I will be."

His address is W. E. Cramer CM 3, Ships Co Trng Gunnery, Camp Peary, Virginia.

Pvt. William Miller of Wheeling, of the 132nd Engineers Combat Bn., is home on furlough this week. This is Bill's second furlough since entering the service a year ago. His unit is stationed at Camp Pickett, Va., at the present.

Corporal Alfred Krueger of Wheeling has had his fifteen day furlough extended by a week. He will return to his station at Quantico, Va., on Saturday.

ARLINGTON HEIGHTS HERALD

SECTION TWO + SPORTS + MOVIES + WANT ADS

England

Staff Sergeant Henry Petersen of Palatine writes this week from England.

"Hoping all you people back home had a very pleasant Christmas. Mine wasn't much to speak of. Did have a very nice turkey dinner with all the trimmings, including a little beer, candy and a pack of smokes. I am thankful of being alive today. Here's hoping that I'll be home for the coming Christmas.

"Had a very rough sea voyage recently, one that I'll never forget.

"England sure is a beautiful country. Have seen plenty of scenery in the day time, beautiful homes and landscaping. Never saw anything like it before. But I'll take the old USA any time.

"The roads are narrow and the left hand drive is confusing at first. Plenty of bicycles can be seen. Most everybody owns one of these two wheel boys. Have to watch out for these babies at night for they run you over.

"Saw the oldest Cathedral recently and it's something to look at.

"Tavern is called a Pub here and they have plenty of them. The beer is somewhat different from ours. It has no foam and is very bitter. If you happen to drink too much of it you wake up the next day with a big head.

"Had a time to learn the British money, but it didn't take long to get the hang of it. It's very easy to get lost here at night during blackout.

People are very friendly once you get to know them, specially the Tommies. People are all out to win this war in a hurry. They all seem to be in a hurry, no matter where you may meet them.

His address is S/Sgt. Henry Petersen, 3680891, APO 555 c/o PM, New York, N. Y.

Mike Ross of Mt. Prospect writes from England.

"Received the Lions Christmas gift just two days late for Christmas but over here every mail call is Christmas. I really appreciated the thought behind the gift, and the many other letters and remembrances from the people of Mt. Prospect. The church servicemen's committee writes regularly, and I hear periodically from the men's club. I am in constant touch with home.

"I often read of other Mt. Prospect boys in England in the column of With Uncle Sam in the Herald. They all say it's beautiful. I've covered England from Scotland to Dover, and I still think they're crazy. Let's psychoanalyze them before we let them back into town."

His address is S/Sgt. M. E. Ross, 36317600 APO 637 c/o PM, New York, N. Y.

Seeing service in Sicily, but now in England is Edward Mann of Palatine.

"I made tech. corporal last September as a bridge carpenter. I have helped build a lot of bridges in Sicily. I know you didn't recognize me, but newsreel pictures were taken of us at one point. I have just received my campaign ribbon for this theater of operation with three battle stars.

"I am now in England. It is a lot like the States. I am still in the best of health and hope everyone at home is the same. The weather here is bad with rain all of the time."

His address is Cpl. Edward Mann, 36303771, APO 230 c/o PM, New York, N. Y.

Serving in England is Ray Engelking of Palatine.

"Have been spending the last two weeks in the hospital here in England. Just a little knee trouble and I should be out in the near future. Haven't seen my buddy, Louie Miller (Palatine) lately but expect to as soon as I get out."

His address is Pfc. Ray Engelking 36372199 APO 28 c/o PM, New York, N. Y.

Great Lakes

Now in training at Great Lakes is Russell Morrow, of Palatine, who used to work at Schroeder's drug store in Palatine.

"I wish to take this opportunity to thank you and all those responsible for the copy of the Palatine Enterprise. I received yesterday. It was certainly welcome and I was very much surprised as I had not written of my whereabouts. I enjoyed reading about the folks in good old Palatine. I would like to say hello to my friends there.

"I like it fine here and our training is proceeding very rapidly. Time is flying, too. Jan. 29, we go on our nine day leave. I received a pharmacist mate 3/C rating and have a good chance for a promotion to 2/C in a month."

His address is R. Vance Morrow, AS, Co. 1876, USNHS, Great Lakes, Ill.

L. O. K.

Writing from LOK is L. J. Smernoff of Palatine.

"Thanks a lot to whoever is responsible for sending the Enterprise to me each week. It's great to be able to read about what's going on at home no matter where you are. Keep it coming."

His address is L. J. Smernoff AMM 2/C, Box 5 NAS Navy 116, FPO, New York, N. Y.

Alabama

A/C John Haben of Wheeling reports so much rain in Alabama that they are behind in their flying schedule. Jack has recently been awarded the good conduct medal and also holds two marksmanship medals. He is stationed at Maxwell Field.

Texas

Technician 5th Grade John T. Greener, formerly of Palatine, was recently awarded the Good Conduct Medal at LAAP, Lubbock, Texas, where he is of duty with the Finance Dept. A large group of enlisted men received the medals, awarded by Lt. Col. C. L. Prichard, Field Executive Officer, in recognition of a year or more of faithful service.

LAAP is an advanced pilot training school, a part of the National Army Air Forces Flying Training Command. Located in the flat plains area of West Texas, it was early chosen as an ideal location for the intensive training necessary to equip cadets, who come here from basic training, as pilots of the Army's giant Fortresses, Mitchells, Marauders, and the other multi-motored ships now spreading destruction on enemy installations in all theaters. The Commanding Officer is Col. Ralph E. Holmes, a command pilot with 17 years experience in the Air Forces.

From Camp Barkeley, Texas, came word recently of Capt. A. Wolfarth of Mt. Prospect.

"Please thank the people of Mt. Prospect for the recent Christmas gift. It was a wonderful idea, and was greatly appreciated by me."

His address is Capt. A. Wolfarth MC, 34th Evac Hosp., Camp Barkeley, Texas.

Private First Class Harold A. Schwartz thinks it's a long ways from Texas to Arlington Heights. He spent 41 hours on the train before arriving here to be with his parents at 31 S. Highland ave. for nine days. Private Schwartz has been in the army for six months.

His address is S/Sgt. Chester Voss, 36709781 APO 709 c/o PM, San Francisco.

So. Pacific

Writing from a South Pacific island, Chester Voss of Mt. Prospect.

"Life on this island isn't quite as rugged as it was nine or ten months ago. I have had quite a few interesting experiences to be told, but they'll have to wait until I come home. Rumor has it that we will soon be relieved and return to an island that is civilized. I hope so.

"Thanks to the Lions club for their Christmas remembrance. We in the service appreciate knowing the folks back home are thinking of us."

His address is S/Sgt. Chester Voss, 36709781 APO 709 c/o PM, San Francisco.

"Life on this island isn't quite as rugged as it was nine or ten months ago. I have had quite a few interesting experiences to be told, but they'll have to wait until I come home. Rumor has it that we will soon be relieved and return to an island that is civilized. I hope so.

"Thanks to the Lions club for their Christmas remembrance. We in the service appreciate knowing the folks back home are thinking of us."

His address is S/Sgt. Chester Voss, 36709781 APO 709 c/o PM, San Francisco.

Aviation Cadet John M. Otzen, 20, of Arlington Heights, has reported to the Coffeyville, Kansas, Army Air Field for his basic flight training. After nine weeks there he will be sent on to an advanced field where he will finish his cadet training and win his wings in the Army Air Forces.

Cadet Otzen attended Beloit College, 1941-43, and is the son of Mr. and Mrs. John L. Otzen of 500 Fairview ave., Arlington Heights.

COLOR

from Wood-Davis

There's a scent of spring in the air and it won't be long before the magic of nature will transform things into a symphony of fresh new color. Yes, you are thinking about your home, how to brighten it up. WOOD-DAVIS has the color magic for you that will match nature's on the outside. Brand new wallpapers and years of experience in making them fit individual requirements are ready for you.

Color rightly selected and rightly applied can make all the "gray days" in your home "gay days". Cheerful rooms that pay huge dividends in additional comfort and relaxation are so easy to have at no great expense. WOOD-DAVIS with the magic of color can show you how to make 1944 a glorious new year.

MAC SAYS:

BY GERALD A. McELROY

Congratulations Coach Seidler and Arlington's Cardinals. That must have been a great game last Friday you won from Leyden 39-38 in two overtimes. We were pleased to get the telephone report with Arlington on the long end of the score. It was a great way to open the new year and against one of the better teams on the schedule. Best wishes for many more victories except on one date, January 28, at Palatine. You beat Leyden, they beat Bensenville, Bensenville beat Palatine. Looks like a great game coming up when Cards-Pirates tangle again.

Sleighbells Trophy on display

Palatine is displaying the sleighbells trophy which arrived Saturday. The trophy has space to record all of 30 basketball scores so it should have quite a tradition behind it when the schools play for that last score on the list. Now that Palatine is out of the running in the varsity division of the conference the Pirates will point for three games on their remaining schedule as they await the district tournament and a chance to regain lost prestige. Those three games the Pirates want to win more than any others are the return match at Bensenville next week, the Arlington game at Palatine the following week and the season final at Barrington February 18.

Bisons top league in defense

The reason that Bensenville is on top with an unbeaten conference record is easy to realize by a glance at the records. The Bisons have a team lead the league in defense having an average of but 23 points a game scored against them. As a team Bensenville is not such a high scoring unit but Coach Meneghin has the best balanced scoring machine in the league. Every regular is a good point getter. The scoring in five conference games is Standard 37, Schloman 26, Schoppe 35, Benham 32, and Kernats 25.

Stutzman's team on road to title

Coach Stutzman's Palatine lightweights, like Bensenville's varsity, lead their division due mainly to a very strong zone defense. The Palatine quintet averages close to the six foot mark in height and are mighty tough to score upon as their record of holding opponents to an average of but 11 points a game clearly proves. Palatine's lights have the inside track to the championship right now and just about the worst that could happen at the present pace would be a tie for the top spot. Barrington and Antioch a game behind have yet to meet each other. Palatine's schedule the rest of the way is an easier one than any of their leading rivals.

Only team to beat

Ela and Crystal Lake

Ela has won eight out of nine games. Crystal Lake has been on top in seven out of eight contests. Their only losses were in both cases to Palatine. If Palatine can do that then why the five defeats in 11 games thus far. The answer is lack of consistent scoring. The

Heights cops 1st victory vs Leyden

Locals win in double overtime; Tornadoes, too

by JOE SMART

A fighting Arlington team failed to bog down in the clinches last Friday night and emerged victorious over Leyden in a nip and tuck battle, 39-38 on the home floor. It took two three-minute overtimes to decide the eventual winner, but the Cards came through to take their first win of the season.

Trailing at one time in the second quarter by ten points, the Cards slowly but surely advanced to the final verdict.

It took great playing to win this one, but the Cards had it in them this time. One could point out numerous different reasons as to how the Cards won, but these would always stand out.

1. "Horny" Dahlstrom's amazing work around the bankboards. Though smaller than three Leyden rebounders, he was seldom out-jumped and usually ended up with the ball.

2. The work of Hamburg, McArde and Chuck Page in bringing the ball down the floor and setting up scoring plays.

3. Kenny Page's and Bob Robertson's ability to hit shots when counted on, and also the valuable free throws which proved the winning total for the Cards.

4. Bob Kohler's stellar work, with a bad ankle when he entered after Robertson had been injured.

Leyden takes early lead

Leyden slipped off to a 13-6 lead in the first quarter on the Logfren brothers long shots and Robertson's rebounding. The Eagles then moved to a 17-7 lead midway in the second period, but the Cards came back strongly and trailed only 22-15 at the intermission.

Arlington's zone held Leyden to a single basket in the third period and when it was all over the Cards had shortened the margin to only two points, 27-25. From there on the lead changed hands several times until the regulation game had ended in a tie of 34-34. The Cards held a four point lead once, but it was cut down quickly on two long shots by T. Logfren.

Kenny Page and Dahlstrom notched baskets while Robertson was hitting for the Eagles. Then with fifteen seconds remaining in the three minutes, John stole the

ball and broke down the floor to sink the tying basket as the spectators went wild. The score now stood at 38 all and a sudden death period reigned.

Numerous shots failed to go in, but Don Hamburg's free throw proved enough to win the game when the second three minutes came to an end.

The Tornadoes won their fourth straight contest last Friday, overcoming the Eagles with a sixteen point barrage in the last quarter to win 33-25.

The Tornadoes led 8-7 at the quarter but trailed 12-11 at the half. The Eagles increased their lead to 21-17 starting the final period, but the Green and White showed them under and went on to win 33-25. Ehard led the Tornadoes with thirteen points, nine which he collected in the last quarter, while Brewer led Leyden with 7.

Palatine lights lead league in Antioch win

Cop 5th victory: Pirate varsity beaten, 33-27

Palatine's lightweights moved into undisputed possession of the Northwest Conference lead Friday night by winning a 17-15 decision at Antioch for their fifth straight victory. It was Antioch's first defeat, Palatine's varsity team fell 33-27 before a hot shooting Antioch five though the Pirates played one of their best games of the season.

After a slow first quarter which ended 4-2 Palatine lightweights played a superb ball to run up a 13-5 lead at the half. Hestrup, Howes and Toppel contributed the nine points. In the first half the Palatine zone stopped Antioch cold while their zone was no problem for the junior Pirates. In the third quarter Palatine bogged down and scored but two free throws and a basket by Howes near the end of the game was their only second half field goal. Good defensive playing, however, saved the day in spite of the lack of scoring.

Outstanding performers for Palatine throughout the game were Hapke at guard and Howes at forward. Hestrup's first half play-high, scored 230 points in 12 conference games during the 1939-40 season for an average of 19.2 per contest.

The Varsity team met Antioch on their best shooting night of the season. The Pirates could not stop big Wilhelm who scored 21 points but Bauer, Klass and Nielsen also hit consistently from well out on the court.

The Vogt cousins, Melvin and Clarence, contributed 21 of Palatine's 27 points. Melvin tallied 14 points and Clarence seven. In other ways besides scoring this pair at forward and center were Palatine's top performers.

In the first quarter Antioch's Sequoias hit five out of a series of seven shots to build up a 12-7 lead. Palatine took the lead, how-

ever just before the half at 15-14 but Wilhelm tied it up just as the second quarter ended. Palatine outplayed Antioch by a wide margin in the second quarter, but missed a lot of layup shots on fast breaks.

Coming back in the second half Antioch hit their first three attempts and again engaged five out of the first seven to move into a lead that Palatine could never overtake. The closest that the Pirates came to overhauling them was a 28-24 count. Wilhelm got three baskets in each of Antioch's scoring spurges and a total of seven for the evening. It was one of the best games played by both of the teams.

Bisons keep pace with Ela, beat Grant, 44-33

Wauconda tops Barrington in overtime, 33-31

Wauconda came from behind to tie the score on a basket by Barth in the final 30 seconds of the game and then win from Barrington 33-31 in an overtime on a basket by Peterson with 10 seconds remaining. The victory kept Wauconda in the first division and still in the running.

Wauconda started out with a 12-7 first quarter lead but Barrington pulled in front 17-15 at the half. The third period ended 25-24 Wauconda. The teams alternated leading by one point until with a minute to play Barrington led 31-29. Then Barth, who had been playing center, went back to guard and sank a long shot to tie the score. Fullerton topped all scorers with 15 points for Wauconda while the ace, Gauke, had an off night and got only one basket. Barth made 13 points for Wauconda.

Barrington had trouble with Wauconda's lights all the way but Coach T. C. Hosford alternated two teams in the game and managed to pull away in the second half sufficiently to win. The score was 8-6 Barrington at the half.

Meet the team

The score was tied at 36 all. The game was in the first overtime and the Cards had the ball. They carefully passed it around until "K.P." stopped and arched in a long set shot which sent the Cards ahead. This would have won the game if Leyden hadn't made a basket in the last fifteen seconds, Friday night.

"K.P." as most of you know stands for Kenny Page, that red-headed guy from Minnesota. Kenny came from Minnesota in 1941 as a Freshman. During his first year he played a little football and tried track for a while, but he liked basketball best of all and he still does. He played with the junior-varsity for two years and rated among the top few last season. This year, however, he is playing with the varsity and doing a grand job. He now has 32 points in nine games, eleven of which he made against Leyden Friday night. Red says that his most thrilling experience came last Friday night when he heard the buzzer sound signifying that the game was over and that the Cards had finally won. "K.P." is only 5 foot seven inches tall, but he can really hustle that frame when he has to. He weighs 140 pounds. Ken is only a junior and has one more year to look forward to. Keep it up Kenny Page, you're an Arlington athlete we can be proud of.

Bison lights in best game of year, win 33-14

Bensenville traveled to Fox Lake Friday night with highly satisfactory results as both teams won. The varsity made it five straight to keep pace with Ela by taking a 44-31 decision while the lights played their best of the year to come out on the long end of a 33-14 score.

Coach Meneghin's Bisons were way out in front 22-11 at the half and were breezing along 34-17 at the end of the third period when suddenly Grant came to life and made a ball game of it by scoring seven straight shots from the field. The Grant Bulldogs best offense was a fast break but they were stopped pretty effectively when the Bisons got their zone defense set.

Schloman was high scorer of the game with 15 points. Standard got 11 and Benham eight to be the next line for the Bisons. Pautian had 10 and Thompson nine for Grant.

The junior Bisons had things their own way throughout the game after rolling up a 10-2 count in the first quarter. This they increased to 24-11 with a quarter to go. The lights did some smooth passing to get their points and put up a really tight defense which Grant could not successfully penetrate. Huffman scored 14 points to lead Bensenville while Winkel with six was Grant's best.

A new departure in the intramural basketball program at Arlington Heights high school has been in operation this year. The boys were divided into two groups, the Fresh-Soph in one league and the other consisting entirely of Juniors and Seniors. This seems to work out better than any previous setup attempted, with boys playing in their own age groups.

Varsity and J. V. boys have been excluded, but all other boys who care to play, have been competing since the middle of December. There are about 50 boys divided into six teams playing in the Juniors and Seniors. This seems to games are contested every Tuesday night, the gym being assigned to this group each Tuesday from 6:30 on.

Approximately 100 boys, divided into 12 teams are playing in the Fresh-Soph league. These boys run their games off after school Tuesdays or Fridays, or on some Friday nights when the varsity is playing away from home. At the end of the third round of play the number one team captained by John Rahn is leading the upper class league with three straight victories.

AUCTION

CHARLES LEONARD, Auctioneer
The farm having been sold and having to give possession the first of March, the undersigned will sell at Public Auction 3 1/2 miles north of Woodstock, 8 miles south of Hebron, 9 miles southeast of Harvard, 2 miles east of Hartland, on what is known as the old Woodstock and Alden road, on Sam Reed's Corner, on

THURSDAY, JAN. 20

Commencing at 12:00 o'clock sharp the following described property, to-wit:

70 HEAD OF LIVESTOCK

Consisting of 28 Head of Milk Cows All Holsteins, mostly first and second calf heifers, 10 of these cows will be fresh on or before day of sale, 5 head bred heifers, better calf, 2 months old, Holstein bull, 2 years old, 3 Horses

Span of roan buckskin mares, 5 and 7 yrs. old, well matched, wt. 2100 lbs. blue roan mare, 3 yrs. old, wt. 1500 lbs.

Harness, etc.
Set of breeding harness used 1 yr. back had harness, quantity of extra collars.

27 Pigs
22 feeding pigs, wt. 70 lbs., 3 Poland China bred sows due to farrow April 15.

5 head ewes, will lamb Apr. 10, one buck.
Turkeys: 3 hen turkeys, one gobler.

Hay, Grain and Machinery
800 bu. Columbia oats, 1500 bu. good hard DeKalb 494-A corn in crib.

1/2 ton oil meal, 15 ft. silage in 14 ft. silo, 5 tons second cutting alfalfa, 11 tons clover and oat hay mixed, 8 tons clover and timothy mixed, 10 tons of pure timothy, 5 tons of soy bean hay.

10-20 Int'l. tractor in good shape, new Int'l. 7 1/2, silage in 14 ft. silo, 5 tons second cutting alfalfa, 11 tons clover and oat hay mixed, 8 tons clover and timothy mixed, 10 tons of pure timothy, 5 tons of soy bean hay.

McD. 2 bottom 16 in. tractor plow, new Int'l. manure spreader, John Deere 11 ft. Broadcast seed, 3-sec. drag, John Deere, new Int'l. all steel hay loader.

200 lbs. Red Top twine, 2 1/2 ft. log chains, 2 elec. fences with batteries and insulation, Stewart elec. clippers, 999 corn planter, fert. at tach, 80 rods of wire, 2 new cultivators, single row cultivator, new, potato cultivator, McD. 5 ft. mowder, 6 ft. grain binder, McD. corn binder, iron wheel wagon and box, 200 ft. hay rope, 100 ft. trip rope, pulleys, grapple fork, new all steel 16 H. box feeder, platform scales, stone boat, wheelbarrow, 2 50 gal. gas barrels, hoe, troughs.

DeLaval milking machine, 2 single units with electric motor pump and pipe line for 30 cows like new, used 15 mos., 2 pairs and strainer, 8 milk cans, wash tank, Skelgas hot water heater, 18x20 tarpaulin, woven wire stretchers, several small chicken feeders and chicken waterer with heater, forks, shovels, scrapers, temporary flat cubing, many other articles too numerous to mention.

Household Furniture
4-pc. walnut bedroom set consisting of bed with box springs, dresser, chest of drawers and vanity, General Electric console radio, coffee table, Hamilton Beach vac. cleaner, day bed with springs and mattress.

TERMS: We have made arrangements with the Thorp Finance Corporation to manage this sale. Their terms are sums of \$25 and under cash, over that amount one-fourth cash, balance in six monthly payments with 7 pct. simple interest on the unpaid balance. No additional signers are needed. Just sign for your self.

FRANK MILLER, Marengo
GENE MACK, Ft. Atkinson, Wis.
ROSELLE STATE BANK, Clerk.

February 10

Feb 10—Charles Anderson will hold a public auction on the farm located on Medinah black-top rd., 2 1/2 miles southeast of Roselle, Thursday, Feb. 10, Roselle State Bank, clerk; Emil Benhart & Son, Auctioneers.

Barley as Scratch Feed
For poultry scratch feed, barley makes a good substitute for wheat. If barley is used in place of corn for poultry, the ration needs an additional supply of vitamin A, as barley is deficient in this. Green feed, range, alfalfa meal, grass silage, or fish liver oil will supply the vitamin.

With Uncle Sam

Tennessee

Graduating from master gunnery school in North Carolina, is William Grismer of Arlington Heights. He is the son of Mr. and Mrs. William Grismer.

Upon graduation Bill was promoted to master sergeant. His wife, who has been staying in Arlington for the past three months, joined her husband during the Christmas holidays. They are now living at Memphis, Tennessee, his new station.

Home on furlough this week is Major Edgar Flentie of Arlington Heights. He arrived home Monday and will return to his new station at Tennessee, the end of this week.

California

Private First Class Chester D. Kozuchowski, Arlington Heights, has been promoted to the grade of Technician Fifth Grade (Corporal), according to word from his commanding officer at Fort Ord, California, where he is now stationed.

Prior to his entry into military service Cpl. Kozuchowski owned and operated his own business at Higgins and York sts. He was also one of the star players for the Polish National Alliance Baseball teams in Chicago.

Cpl. Kozuchowski is now with an Engineer camouflage unit.

Africa

Willard Pohlman of Mt. Prospect drops a short note from North Africa.

"Glad to get that Lions club gift. It was swell. This is my second Christmas away from home. I happened to be lucky enough to spend the last one in the States, but not this time. Glad to see the folks at home are doing their part in war bond buying, etc."

His address is S/Sgt Walter Niepohlman, 36331325 APO 600 c/o PM, New York, N. Y.

Wallace Broeske of Arlington Heights writes from north Africa.

"Hope this letter finds all of you in the best of health. I haven't run into anyone yet from the old home town, but I have hopes. How about some mail from home?"

His address is Wallace Broeske GM 2/C, LST 359, c/o FPO, New York, N. Y.

Kansas

Springing a much welcomed surprise furlough visit on his folks this week was Raoul "Bud" Peeters, Jr., of Arlington Heights.

Raoul is a naval air cadet. He received preliminary training at Monmouth college, Las Vegas, New Mexico, and Del Monte, Cal. He has now completed another lap of training at Fort Hutchinson and expects to be transferred immediately to his new station, either Pensacola or Corpus Christi, for the final lap. He returns to Hutchinson for the assignment.

New Zealand

Writing from New Zealand is Dale Phillips of Arlington Heights.

"I am in a pretty good mood today as I met my best buddy yesterday, Bud Easton (Arl. Hts.). Yesterday morning I was looking through the field glasses and saw his ship, so in the afternoon I went out in our boat. I went aboard and a fellow took me to his quarters."

"He was playing cards with a few fellows and when he saw me he sat there with his mouth open and couldn't say anything. Believe me, we were too happy boys. I

was with him all afternoon and he took me through the ship. He has quite an interesting job.

"We talked over old times and about some of the home town news papers that he has. We may meet again tomorrow as he is still here. He has been in New Zealand on leave and thought it was pretty nice."

"I was talking to a fellow tonight who is going back to the States. He will be there by New Years. Don't I wish it were me. Well, maybe we will make it by the next one."

His address is S/Sgt. Dale Phillips, 363311760 APO 709 c/o PM, San Francisco, California.

No. Carolina

Chaplain Edwin I. Stevens of Mt. Prospect sends a short note from Fort Bragg, N. C.

"The recent Christmas gift to Mt. Prospect servicemen was greatly appreciated by me. Not only the money, but also the thoughtfulness behind it. Happy to see the local townsfolk are doing their part."

His address is Chaplain (Capt.) Edwin I. Stevens, 239th Sta. Hosp., Fort Bragg, N. C.

Washington D. C.

Reaching us from Washington, D. C. is weekly news letter No. 7 from Stan Wilkins of Arlington Heights.

Wilkins News Letter No. 7

Published occasionally and reporting in great detail just how one S. J. Wilkins is winning the war.

"Here it is, a whole year since Wilkins started out to win this war in person and the darn thing is still SNFU. However, we are making some progress and if you folks will continue to hold down the home front, I'll continue to hold down a chair here and maybe between us we can finish up most of it in '44."

"Somehow the pattern of this war links itself in my mind in a series of parallels with the changes in the Pentagon and surrounding territory during this past year. When I first arrived this building was about two-thirds completed and only a skeleton of any road system was in evidence. Everything was in a fever of construction. Material being delivered by an unending stream of trucks. Steam shovels, bulldozers, graders and dump trucks everywhere and all going like mad. Squalid shacks, seemingly unfit for anything, but nevertheless being lived (sic) in by Negroes, were razed and the debris carted away practically over night. Huge trucks were loaded with dirt at one spot, driven only a few blocks away and then dumped, in what looked like the old boondoggling days of the early 30's. In the office already set up in the partly completed building the same feeling was noticeable. The Army was being constructed much like the Pentagon. Throwing out antiquated methods that had been useful in a previous generation was like razing the old shacks. Both had outlived their usefulness. Moving mountains of dirt and grading were similar to moulding a gigantic Army into shape and leveling out the rough spots. The vast amount of material being delivered at all hours of the day and night was a problem of supply as workmen had to be kept in material. This was typical of our war effort at that time—supply and more supply—only they invented a ten cent word for it called "logistics."

"Suddenly one realizes all this has changed. Gone is all the equipment and in its place are roads, dormitories, sidewalks, street lights and large gently sloping landscaped areas. Gone are the workmen from the building and gone from the faces of the War Department personnel is that look of bewilderment and uncertainty. You realize suddenly that here is a completed job. One minute construction and confusion and the next, literally, completion and serenity. Well, I can dream can't I? And besides, miracles do happen. Look at the Notre Dame-Great Lakes game."

"Aside from these rare interludes of dreaming (not during working hours, of course) things continue in much the same fashion. We go on our weekly treasure hunts and if lucky come up with a half pound of butter. Once in a while we hit the jack pot and get a roast beef."

"The weather has been well nigh onto perfect. During the so-called cold wave a week or so ago the lowest we had was 16 degrees above. There has been no snow; in fact there has been no indication that any was imminent, although there have been heavy falls much farther south."

"SOCIETY NEWS: Pat Malone checked in fresh from the Malone estate near Palatine and spent a night with us. Always glad to see you Pat—come again."

"It is Christmas Eve as I write this and the realization suddenly comes that this is my second one away from home. I am keeping my fingers crossed in the hope that by the time another year—rolls around I will be able to greet you all in person to say A VERY MERRY CHRISTMAS and a HAPPY NEW YEAR."

"WILKINS FORECAST (or he does it with tea leaves, just like Kiplinger, et al): The next 100 days will be the hardest—maybe."

His address is Capt. S. J. Wilkins, 1025 S. Dinwiddie st., Arlington, Virginia.

Alaska

Sending a brief note from Alaska is Elmer Iversen of Mt. Prospect.

"Please thank the Lions club for their recent Christmas gift. It was swell. It reminded me that I still had numerous friends at home who were thinking of me."

His address is Pfc. Elmer Iversen, 36331123 APO 937, c/o PM, Seattle, Washington.

Piles Sufferers

I suffered for years with piles and fistula. I will tell you how I was healed. Just send stamped envelope. Herman Bergman, Lock Box 56, Chicago 90, Illinois.

California

Writing from Oceanside, Calif., is Emerson Sander of Palatine.

"I'm glad to hear that everyone back home is doing his part. Things like the scrap drives and rationing are far behind and we seldom hear about them, but we still know that they're essential to the winning of the war."

"The training I've received at this camp has been very interesting. Among the things we covered are demolition, that is learning how to use TNT and dynamite to advantage; camouflage, how to paint your face, how to move without being seen, sniping and boogie traps. We also made two landings in the Pacific in Higgins boats. We've had a lot of combat conditioning exercises, tricks, judo and work with the bayonet, rifle and hand grenades. This last week we went on a 60 mile hike lasting three nights and four days. We just got in this morning after a few nights in the mountains. That just about sums up what we've had. Today is the last day of our course and what I do next week I have no idea."

His address is Pfc. Emerson R. Sander, Field Sig Bn TC, 2nd School Co Bks 13-B-7, Camp Pendleton, Oceanside, Calif.

Sgt. Harold Gerscheffsky of Wheeling left for California last Saturday at the close of his 15-day furlough. Sgt. Gerscheffsky is also wearing the good conduct medal.

The address of George Fiene of Palatine was wrongly stated in last week's edition. It should be Cpl. George Fiene, 644th Med Hosp, Camp Stoneman, Calif.

Florida

Writing from Florida this week is H. G. Rohlwing of Arlington Heights.

"Still have been receiving your paper though a little late due to change of address within the last three months. None of them being very permanent until the present one which I expect will be good for a while."

"Though while moving I have been coming further north I am still in Florida, and my work is of about the same nature it has been the last 18 months."

His address now is as follows: Cpl. H. G. Rohlwing 36317598, AW Sq. Tac. Cont. Grp., MAB, Willis-ton, Fla.

Writing in appreciation of the traveling bank at Arlington Heights this week is Arthur Levine of Arlington.

"Thanks to all my friends in Arlington for their generosity while I was driver of the traveling bank. I was broke the day it arrived, making the gift even more important. Had S. P. duty New Year's but, all in all, had a fine holiday season."

His address is A. L. Levine, QM 2/C, c/o Gunners Mate School, St. Augustine, Florida.

New Guinea

Arriving in New Guinea is Clyde Waperski, son of Mr. and Mrs. Frank Wajerski, Central and Palatine roads. Clyde has been in the service nine months. He wrote that the big news right now is his new pet, a small kangaroo.

His address is Pvt. Clyde S. Wajerski, APO 928 c/o PM, San Francisco, Calif.

Ohio

Private Leroy O. Gieseke, son of Mr. and Mrs. John Gieseke, 30 East Chicago st., Roselle, in a recent mid-term grade check-up at the Army Specialized Training Unit stationed at Muskingum college, New Concord, Ohio, made a score of 3.43 which is equivalent to an A minus average.

The scoring system is the official Grade Point system of the Army and is similar to the one used for computing civilian grades.

Private Gieseke's grade puts him in the upper sixth of the cadets at Muskingum.

West Indies

Returning home to visit his relatives in Arlington Heights, the Phillip Machut family, Joseph Dee, has just completed 17 months service in the British West Indies. Joe's home is in Chicago. He is scheduled to leave this area the 17th of this month for further service.

New Caledonia

When last heard from three months ago, Jack Gehringer of Mt. Prospect, was in New Caledonia. We are presuming that he is still there.

"Deep sea fishing here is excellent. We have some days off and use them fishing. Most popular method is harpooning big sea turtles and hauling them in. Some weigh as much as 700 lbs., and we have to use winches on trucks to drag them up on the beach to kill them."

"Thanks to the people of Mt. Prospect for their recent Christmas gift from the Lions club." His address is Pfc. J. H. Gehringer, c/o FPO, San Francisco, Cal.

Believed to be in New Caledonia is Walter Niebuhr of Mt. Prospect. "Thanks a lot to the Mt. Prospect Lions for their recent Christmas gift. It sure is swell to be from a town like Mount Peanuts." His address is S/Sgt Walter Niebuhr, 36322362 APO 502 c/o PM, San Francisco, Calif.

Douglas Hiring is INCREASING!

BIG ARMY ORDER FINDS DOUGLAS UNDERMANNED

The Douglas Aircraft company in Park Ridge yesterday announced a new army air force order for four-engined Skymaster transport planes, bringing its backlog to nearly 300 million dollars.

John D. Weaver, plant manager, said the new contract almost equals the original order for C-54s, which was so large the parent company in Santa Monica, Cal., was forced to build the enormous Park Ridge plant to meet it. New production facilities will not be needed, Weaver said, but the new contract will intensify the company's pressing need for more employees, and will extend its operations for a long period.

Largest Land Based Transport

The C54 is the largest land based transport in mass production. It is used for hauling supplies in trans-oceanic service, for evacuation of wounded soldiers from front line areas, and as a passenger transport.

Weaver said the Park Ridge plant is attempting to hire between 500 and 650 new employees each week, but has not been able to satisfy its man-power wants. More employees are needed for the first shift, from 8 a. m. to 4:30 p. m., and for the second shift, from 4:30 p. m. to 1 a. m.

The company trains employees unskilled at aircraft work in schools in Chicago and at the factory.

Reprinted from Chicago Tribune, Dec. 7, 1943

Because of additional contracts for our gigantic C-54 SKYMASTERS, we are still hiring experienced and inexperienced men and women.

Douglas Aircraft workers enjoy the following advantages:

1. A brand new plant with new tools, new equipment throughout.
2. Excellent food (cafeteria and canteens) at popular prices.
3. A vacation-pay plan that really means something.
4. Money-saving group life, health and hospitalization insurance.
5. Ideal recreational facilities, including organized clubs, dances, parties, sports, outside entertainment, etc.
6. "Share the Ride" plan for your convenience.

This being your war, too, you'll want to know all about how we train you to become a skilled aircraft worker, pay you while you learn, promote you to better paying jobs.

For your convenience, Douglas has established several hiring offices

and the Douglas Man at any one of the following addresses will be glad to answer any questions you may have. See him today—it will be to your advantage. Don't put it off—"Come work with us."
